He shall then submit his proceedings to the Board, through such superior authorities as the Board may prescribe; and such area as the Board may, after such further inquiry as may be deemed necessary, declare to be included in a village shall be adopted as the unit of survey and record-of-rights:

48. (a) The proprietary khewat shall show the character and extent of proprietary interests. It shall be first drawn up with reference to the registers maintained by the Collector under the provisions of the Land Registration Act, 1876 (Ben. Act VII of 1876). As the record-writing proceeds, the proprietary khewat shall be altered in accordance with the facts of possession. The Settlement Officer shall, from time to time, under such instructions as the Board of Revenue may prescribe in this behalf, give information to the Collector of all alterations made in the khewat, and the Collector shall thereupon take action to make such corrections as may be necessary in his registers prepared under the Land Registration Act. If the Collector, after inquiry under the Land Registration Act, finds that any entry in the khewat is incorrect, a note shall be made in the khewat of his finding.

Proprietary khewat.

(b) A khewat shall ordinarily be prepared to show the character and extent of the interest of tenure-holders, such of their interests as are of a raiyati nature being also recorded in the khatian.

49. (a) The khatian shall show in detail for all the lands of the village, estate by estate, landlord by landlord, tenant by tenant, and occupant by occupant, the lands included in each estate owned by each landlord and occupied by each tenant or occupant, with particulars of rent and area and of the incidents of each tenancy.

50. (a) When the map, khasra, khewat and khatian for a village have been prepared in the manner prescribed by these rules and by instructions of the Board of Revenue consistent with

Attestation.

them, the Revenue-officer shall issue a notification in the form (Form 10) given in Schedule I, fixing a day, which shall be not less than a week from the date of publication of the notification, on which he will be present at some place to be specified at or near the village, for the purpose of attesting and completing the record-of-rights.

(b) The notification shall further state that on the day so fixed, or on any other day to which the proceedings may be adjourned, the Revenue-officer will record rents and status and deal with objections relating to entries in the record or omissions therefrom; and it shall require all parties interested in the subject-matter of the inquiry to attend at the time and place specified, with their *parchas*, and with such evidence as they have to offer in connection with the proceedings.

(c) Such notification shall be published by proclamation and beat of drum, and fixed up, in the presence of not less than two persons, in some conspicuous place in the village to which it refers.

Measures to procure attendance of parties.

51. The Revenue-officer may also, if he deem fit, take such additional measures under the powers conferred on him by rule 40, as he may deem desirable to procure the attendance, at the place specified in the notification issued under the last preceding rule, of the occupants, under-raiyats, raiyats, tenure-holders, landlords and proprietors or their authorized agents.

Inquiry as to correctness of entries.

52. On the date specified in the notification issued under rule 50, or on any other date to which the proceedings may be adjourned, the entries which have been made in the *khewat* and in each *khatian* shall be read out in the presence of such of the interested parties as are in attendance.

If the correctness of any entry is questioned, the Revenue-officer shall dispose of the objection after local inquiry or otherwise:

Provided that if the correctness of the measurement be objected to, and a fresh measurement be demanded, the Revenue officer may require the cost of the re-measurement to be deposited.

If the measurement shows the original measurement to have been inaccurate, the amount deposited, or any portion of it, may, if the Revenue-officer thinks fit, be refunded to the objector.

Inquiry as to fixed rates or fixed rents.

53. The Revenue-officer shall ascertain what tenants claim the right to hold at fixed rates or fixed rents, explaining, as far as may be necessary, the provisions of the Bengal Tenancy Act, 1885, in this respect. If the right claimed is disputed by the landlord, the Revenue-officer shall call on the claimants for proofs of such right. If on the evidence produced the Revenue-officer is satisfied that the tenants have the rights they claim, he shall record them as raiyats at fixed rates of rent, or a fixed rent, as the case may be.

Inquiry as to settled and occupancy raiyats.

54. The Revenue-officer shall ascertain which of the raiyats are settled raiyats, or occupancy raiyats, as the case be, and shall record them as such, having regard to the presumption of section 20 (7) of the Bengal Tenancy Act, 1885.

Inquiry as to non-occupancy raiyats.

55. The Revenue-officer shall ascertain what raiyats are non-occupancy, and to this end he shall be entitled to call upon the landlord or his agent to produce a statement showing the names of the raiyats alleged by him to be non-occupancy raiyats. On the production of such statement, the Revenue-officer shall explain to the raiyats whose names are entered in the statement, and who have not already been recorded as occupancy or settled raiyats, the nature of the presumption raised by section 20 (7) of the Bengal Tenancy Act, 1885. If, after such explanation, a raiyat admits himself to be a non-occupancy raiyat, he shall be recorded as such. If he does not admit himself to be a non-occupancy raiyat, the Revenue-officer shall call on the landlord to prove the allegation made by him in regard to such raiyat.

Abwabs and cesses.

56. Abwabs shall not be recorded. Cesses which are authorized by law shall be recorded separately from the rent in the *khatian*, or, in the case of tenure-holders, in the *khewat*.

Ascertainment and record of rent at present payable.

57. The Revenue-officer shall summarily ascertain the rent at present payable by the tenant, and record it in the appropriate column of the *khatian* as the rent payable in respect of the land held by the tenant.

58. If, while the record is being prepared, the landlord and tenant agree as to the rent which shall be recorded as payable, the Revenue officer, if he has been vested with powers under section 109 C of the Bengal Tenancy Act, 1885, as amended by Bengal Act I of 1907, may, if he is satisfied that the rent agreed upon is fair and equitable, but not otherwise, settle such rent as a fair and equitable rent, although the terms of the agreement are such that, if they were embodied in a contract, they could not be enforced under the Bengal Tenancy Act.

Agreement between landlord and tenant as to rent to be recorded.

59. If the Revenue-officer has not been vested with powers under section 109 C, he may, if he considers that the provisions of that section should be applied in respect of the rent of any tenure or holding, submit a report to any Revenue-officer who has been vested with powers under section 109 C in the local area for which the record-of-rights is being prepared; and such Revenue-officer, after giving notice to the landlord and tenant, and after such further inquiry as he may deem necessary, may, if he is satisfied that the rent agreed upon by the landlord and tenant is fair and equitable, but not otherwise, settle such rent as a fair and equitable rent, although the terms of the agreement are such that, if they were embodied in a contract, they could not be enforced under the Bengal Tenancy Act.

Procedure where Revenue-officer not vested with powers under section 109 C.

60. Proceedings for the settlement of rents under section 109 C shall be drawn up in such form as the Board of Revenue may prescribe; and all rents settled under clause (1), section 109 C, or revised by the Board of Revenue under clause (3), section 109 C, shall be entered in the record-of-rights.

Form of proceedings and entry of rents settled or revised.

61. When the record-of-rights has been prepared and attested in the manner prescribed in Rules 50 to 57, and when the record shall have been arranged and corrected in accordance with the orders which the Revenue-officer may have passed, he shall record a proceeding in which he shall state that attestation of the records of the village has been completed, and shall then cause the draft record-of-rights to be published in the village in the manner provided in Rule 62.

Proceeding on completion of attestation and publication of draft record.

E.—Publication of the Draft Record.

62. (a) As soon as the record-of-rights has been prepared and attested, a notice in Form 11 in Schedule I shall be posted up at the landlord's office in the village, and, in the presence of not less than two persons, in some other conspicuous place in the village, or, where the village is uninhabited, in the village in which most of the cultivators of the uninhabited village reside, stating that the draft of the record will be published in the village on a day to be specified, not less than a week from the date of the posting of such notice, and calling on all persons interested to attend on the date so specified:

Publication of draft record and hearing of objections.

Provided that the draft of the record shall not be published until the proceeding under Rule 61 has been recorded.

(b) On the date fixed for the publication of the draft record, the Revenue-officer shall either proceed to the village himself and read the contents of the record in the presence of the parties who attend, or he shall depute an officer who shall read out the contents of the record in the presence of as many of the parties as attend; and the Revenue-officer, or the officer deputed by him, as the case may be, shall at the same time inform the parties who attend that the draft record will be open for inspection for not less than one month in the office of the Revenue-officer, or in such other convenient place as the Revenue-officer may determine.

Any objection which may be made to any entry during the period named shall be received and considered by the Revenue-officer.

Objections shall, as far as practicable, be made in Form 12 given in Schedule I.

F.—Disposal of Objections under section 103 A.

63. When an objection is made within and before the expiry of the period of publication of the draft record prescribed under Rule 62 (b), regarding the correctness of an entry, or as to the propriety of any omission, notice of the objection (in Form 13,

Schedule I), shall be served on all persons whose interest may, in the opinion of the Revenue-officer, be affected thereby, and they shall be called upon to attend at such time and place as the Revenue-officer may fix for the disposal of the objection.

If no person attends to contest the objection, and the Revenue-officer is satisfied that the notice of the objection has been duly served on all persons interested, the objection may be allowed and the record amended accordingly, or the person who made the objection may, if the Revenue-officer thinks fit, be called upon to produce evidence in support of his objection.

All such objections shall be dealt with summarily, under such instructions as the Board of Revenue may prescribe.

G.—Settlement of Fair Rents in cases in which a Settlement of Revenue is being, or is about to be, made.

Report to Government where it is not necessary to settle rents of all classes of tenants in a Government Estate.

64. If it does not appear to the Revenue-officer expedient to settle the rents of tenants of every class in an estate or tenure belonging to the Government, the Revenue-officer shall submit a report for the orders of the Government under the proviso to section 104 of the Bengal Tenancy Act, 1885, as amended by Bengal Act I of 1907.

Service of notice of settlement of rents

65. In the case of a settlement of fair rents under Part II of Chapter X of the Bengal Tenancy Act, 1885, when a settlement of revenue is being, or is about to be, made, the Revenue-officer shall serve a notice by proclamation and beat of drum, and by posting it, in the presence of not less than two persons, in some conspicuous place in the village comprising the lands under settlement.

The notice shall be in Form 14 in Schedule I and shall set forth that, on a date named and at a place named, the Revenue-officer will settle fair rents in respect of all estates, tenures or holdings, and for unsettled lands included in such village. A schedule may, when the Revenue-officer thinks fit, be appended to the notice, giving such particulars as he may think necessary relating to the names and numbers of all estates, tenures, and holdings paying revenue or rent to Government, and of unsettled lands for which rent will be settled. Such notice shall be served at least one week previous to the date fixed for settlement of fair rents. When such notice has been served, it shall be held that all persons have, subject to the provisions of Rule 73, been sufficiently warned of the date fixed:

Provided that in cases in which a table of rates is prepared under the provisions of section 104B, the notice shall not be published until the table of rates has been confirmed under subsection (5) of that section.

Table of rates where necessary.

66. A table of rates shall not ordinarily be prepared when it is found that the tenants of the local area in question hold their lands at lump rentals, and no rates actually exist, or when the rates are so numerous and varied, and are so little dependent on the class of soil, that no table of existing rates can be prepared. When the above conditions do not obtain, and it is possible to prepare a table of existing rates which are generally of a uniform character and in accordance with certain ascertainable classes of soil, a table of rates may be prepared in accordance with the provisions of section 104A (c):

Provided that when the Revenue-officer is of opinion, for reasons to be recorded by him in writing, and submitted to, and approved by, the authority empowered to confirm the table of rates, that the rents stated as the existing rents by the landlord and tenants are not the rents that are legally payable, and that it is impossible to ascertain those rents, a table of rates fairly and equitably payable may be prepared and shall be based on the rates or rents payable in those neighbouring villages, the lands of which are fairly comparable with the lands of the village.

Preparation of table of rates.

67. When the Revenue-officer has decided to settle rents in any local area on the basis of a table of rates, under section 104A (c), he shall first prepare a table of existing rates and shall then either maintain those rates or shall proceed to enhance or reduce them, having regard to the general principles laid down

in the Bengal Tenancy Act, 1885, for the enhancement or reduction of rents, and especially to section 30 (b), (c) and (d).

68. The table of rates finally prepared by the Revenue-officer and published by him under section 104B (2) shall contain the particulars noted in section 104B (1), and shall show :—

Contents of table of rates.

- (a) the classes of land, as locally known, that have been adopted in the fixation of rates ;
- (b) the area, expressed in local measure, for which each rate is fixed ;
- (c) the existing rates, if any, taken as the basis of the table of rates ; and
- (d) the rates of rent fixed as fairly and equitably payable by tenants holding land of each class whose rent is liable to alteration.

69. (a) When a table of rates has been prepared under section 104B, a notice in Form 15 in Schedule I shall be posted up in the landlord's office in the village or, in the presence of not less than two persons, in some conspicuous place in the village, stating that the table of rates will be published in the village on a day to be specified, not less than a week from the date of the posting of such notice, and calling on all persons interested to attend on the date so specified.

Publication of table of rates

(b) On the date fixed for the publication of the table of rates, the Revenue-officer shall proceed to the village and shall explain to so many of the parties as attend the proposed rates and the grounds on which they are based, and shall hear and consider any objections that may be raised to any entries in the table. He shall at the same time inform the parties who attend that the table of rates will be open to inspection for not less than one month in the office of the Revenue-officer, or in such other convenient place as the Revenue-officer may determine, and that any person who objects to any entry in the table of rates may present a petition to him on the subject, within one month of the date of the publication of the table of rates, which will be duly considered under section 104B (3).

70. The Revenue-officer shall record the grounds of his final order in every case in which he disposes of an objection to a table of rates under section 104B (4).

Record of grounds of order.

71. In submitting his proceedings to the confirming authority under section 104B (4), the Revenue-officer shall describe the land classification adopted by him for the purposes of his table of rates, and shall show in tabular form the rates which were found by him to exist for the classes of land described, and the rates he proposes to substitute for the existing rates, explaining in each case his grounds for maintaining, enhancing or reducing the rates.

Submission of proceedings to confirming authority.

72. (a) The following Revenue Authorities are empowered, under section 104B (4), to confirm tables of rates prepared under the Bengal Tenancy Act :—

Confirming authorities.

- (i) when the total rents to which the table of rates is to be applied will not, in the opinion of the Revenue-officer, exceed Rs. 1,000, the Collector of the District ;
- (ii) when the total rents in question will, in the opinion of the Revenue-officer, exceed Rs. 1,000, but will not exceed Rs. 5,000, the Commissioner of the Division ; and
- (iii) when the total rents in question will, in the opinion of the Revenue-officer, exceed Rs. 5,000, the Board of Revenue.

(b) The following Revenue Authorities are empowered, under section 104B (4), to confirm Settlement Rent-Rolls prepared under the Bengal Tenancy Act :—

- (i) in all cases in which the Settlement Rent-Roll has been prepared by an Assistant Settlement Officer, and the Settlement Officer is of the rank of a Collector, the Settlement Officer ; and

(ii) in all other cases the Collector or other Revenue Authority to whom the Settlement Officer is declared by the Board of Revenue to be immediately subordinate.

Settlement of fair rents.

73. On the date fixed in the notice issued under rule 65 above, or on any subsequent date to which the proceedings may be adjourned, the Revenue-officer shall read, or cause to be read aloud in his presence, the name of each tenant whose rent has to be settled, the area of his tenancy, and the existing rent, and shall proceed to settle a fair rent for every such tenant under the provisions of section 104A (1), (a), (b), (d) or section 104C:

Provided that when a Revenue-officer proposes to alter an existing rent, and the parties have not attended in compliance with the general notice prescribed in rule 65 above, the Revenue-officer shall serve each person interested with a special notice, and the fair rent shall not be settled in the absence of such person until after due service of such special notice has been proved.

Contents of Settlement Rent-Roll.

74. The Settlement Rent-Roll shall contain the particulars prescribed in section 104A (2), and the fair rent settled for each tenant shall be entered in it by the Revenue-officer himself at the time that such rent is settled.

Publication of Settlement Rent-Roll and filing of objections.

75. As soon as the Settlement Rent-Roll has been prepared, it shall be published by a notice in Form 16 in Schedule I in the manner prescribed for the publication of the Draft Record in rule 62, and the Revenue-officer or the officer deputed by him to read out the contents of the Settlement Rent-Roll, as the case may be, shall at the same time inform the parties who attend that the Settlement Rent-Roll will be open to inspection for not less than one month in the office of the Revenue-officer, or in such other convenient place as the Revenue-officer may determine, and that any person who objects to any entry in the Settlement Rent-Roll or omission therefrom may present a petition to the Revenue-officer on the subject within one month of the date of the publication of the Settlement Rent-Roll, which will be duly considered under section 104E.

Method of dealing with objections. Appeal.

76. All objections presented under rule 69 or rule 75 shall be dealt with in accordance with the provisions of rule 63 in the same way as objections presented under section 103A. An appeal presented under section 104G (1) shall lie to the officer to whom the Revenue-officer who has passed the order appealed against is immediately subordinate:

Provided that a second appeal shall lie from any order on appeal settling the amount of a fair rent passed by a Settlement Officer or Collector under this rule to the Commissioner of the Division, and that, when the proposed annual rental of any tenancy exceeds 100 rupees *per annum*, a final appeal shall, in all such cases, lie to the Board of Revenue.

Incorporation of Settlement Rent-Roll in record-of-right.

77. As soon as the Settlement Rent-Roll has been sanctioned by the Confirming Authority, it shall be incorporated in the record-of-rights by the entry of the fair rents settled in a column of the khatian to be set apart for that purpose.

Rules 65 to 77 to apply to a settlement of rents under section 112 of the Bengal Tenancy Act.

78. Rules 65 to 77 (both inclusive) shall apply, so far as may be, to a settlement of rents under section 112 of the Bengal Tenancy Act, 1885, as amended by Bengal Act I of 1907.

II.—Final publication of the Record-of-rights.

Final publication of record-of-rights.

79. When all objections under section 103A have been disposed of, as provided for in rule 63 above, and, in cases in which a settlement of revenue is being, or is about to be, made, the Settlement Rent-Roll has been incorporated in the record-of-rights, as provided in rule 77, and the Revenue-officer has corrected the draft record in accordance with the orders passed by him on such objections or in the course of the preparation of the Settlement Rent-Roll, he shall finally frame the record and cause it to be published by notifying, in the form shown in Form 17 in Schedule I, that its contents will be read out in the village, or, when the village is uninhabited, in the village in which most of the cultivators of the uninhabited village reside, on a date to be

specified, not less than a week from the date of the publication of such notice, and by reading it out himself or causing it to be read in the village on the date so specified, in the manner prescribed in rule 62, in the presence of the parties or of as many of them as attend.

81. When all the records-of-rights in any local area have been finally published, the Revenue-officer shall submit a report to the Local Government, containing such particulars as may be necessary, in order to enable the Local Government to issue a notification under sub-section (2) of section 103B of the Bengal Tenancy Act, 1885, as amended by Bengal Act I of 1907.

Report to Local Government after final publication.

I.—Distribution of copies of the Record-of-rights to Parties interested.

81. (a) The Revenue-officer shall cause to be made a copy of, or extract from, the record-of-rights as finally published in accordance with rule 70, and this copy or extract shall bear a certificate, under the Revenue-officer's signature and seal, that it is a copy of, or extract from, the record-of-rights as finally published. The copy or extract shall be made over to the landlord concerned, or, where there are more landlords than one, to their common agent or common manager, as the case may be, or, if there be no common agent or common manager, to such person among the landlords as the Revenue-officer may think fit.

MARINE DEPARTMENT.

The 7th July 1908.

No. 74 Marine.—The following revised regulations for the admission of locally selected candidates into the Bengal Pilot Service at Calcutta have been sanctioned by the Government of Bengal, in supersession of those sanctioned under notification No. 66 Marine, dated the 16th June 1906, and are published for general information:—

REGULATIONS FOR THE ADMISSION OF LOCALLY SELECTED CANDIDATES INTO THE BENGAL PILOT SERVICE AT CALCUTTA, CORRECTED UP TO JUNE 1908.

1. In any year in which a local candidate is to be appointed to the Bengal Pilot Service a competitive examination will be held in or about the month of March, and six months prior notice of the examination will be published by the Local Government. The number of vacancies available for local candidates shall also be declared, and they will be

filled up by the successful candidates in order of merit; but no local candidate shall be appointed who does not satisfy the Examiners, or who in other respects does not come up to the requirements of the following rules.

2. Candidates must be not less than 18, or more than 22 years of age, and descended from European or Eurasian parents domiciled in India. They must produce a Board of Trade or Colonial Certificate of Competency as a 2nd Mate or any higher grade. Provided that an intending candidate who, in the month of March in any year in which no examination is held, is not more than 22 years of age, and has fulfilled the conditions of service laid down in Rule 4 below, shall not be debarred, on account of being over the prescribed age, from appearing at the next examination held.

3. Every candidate must produce a medical certificate of good health and physical fitness to work as a pilot in a tropical climate, and also satisfactory evidence as to his moral character. Every passed candidate will, before appointment, be required to undergo a further examination as to his physical fitness by the Medical Board sitting at Calcutta, and will not be appointed unless the Board certifies him to be in all respects physically fit to work as a Pilot on the Hooghly.

4. He must have served at sea for four years in a merchant sailing vessel of not less than 300 tons register, employed in the foreign trade, as a seaman or apprentice, and must produce satisfactory certificates from the Masters he has sailed under.

5. Before being admitted to the examination, the candidate will have to satisfy the Examiners that he has passed the Middle Scholarship Examination under the Code of Regulations for European Schools, or that he has passed the Calcutta University Entrance Examination. Candidates will be examined in Navigation and Seamanship up to the standard of a 2nd Mate in the Merchant Service.

6. He will on being appointed to the service receive Rs. 100 per mensem.

7. A Leadsman Apprentice will go through such a course of training and pass such examinations as the Government of Bengal may from time to time prescribe. He will, whilst in this grade, receive a salary of from Rs. 100 to Rs. 150 a month, in accordance with the duty on which he is employed. He will also receive such share of the lead-money paid by the ships on which he does duty as may from time to time be fixed by the Government of Bengal.

8. After five years' service as a Leadsman Apprentice, he will be allowed to appear at an examination to qualify him for appointment as Mate Pilot, but if he shows exceptional ability and has passed each previous examination in his first attempt, bears a very good character and is otherwise well reported on, this period may, with the special sanction of the Government, be reduced to four and-a-half years, when, if successful in the examination, he will be promoted to the grade of Mate Pilot on the occurrence of a vacancy. While remaining as a Leadsman Apprentice after passing this examination, he will receive a salary of Rs. 175 a month.

9. After three years' service as Mate Pilot, he will be permitted to go up for an examination to qualify for appointment as Master Pilot, and, if successful, he will be promoted to that grade on the occurrence of a vacancy.

This rule does not apply to Mate Pilots who entered the service without a 2nd Mate's Certificate of Competency. Such officers will be required to serve four years as Mate Pilot before being eligible for permanent promotion.

10. Vacancies which occur in the grade of Branch Pilot will be filled up by promotion from the Master Pilot's grade, of men who have passed the Branch Pilot's examination.

11. Branch Pilots and Pilots who have passed the Branch Pilots' examination, will, while under 55 years of age, be examined at intervals of three years by the Marine Surgeon with respect to their eyesight and general physical fitness for the performance of their duties. All Pilots who continue in the service after attaining the age of 55 years will be similarly examined every year.

12. If the Local Government has reason to believe that a Pilot is, owing to physical unfitness of any kind, incapable of discharging his duties properly, it shall arrange for his medical examination, and shall take such action as may seem desirable when the results of that examination are communicated. In particular, Pilots shall be medically examined after the occurrence of any accident to the vessels in their pilotage charge, if the circumstances tend to show that the accident was in any way attributable to physical unfitness on the part of the Pilot.

13. Pilots are not entitled to any salary while on pilotage duty, but receive as their remuneration a share, at present 50 per cent., but liable to alteration at the discretion of the Government of Bengal, of the pilotage dues paid by ships piloted by them.

14. The Government of Bengal reserves to itself the right to require all Pilots to obtain a Home Trade Master Mariner's certificate before they are promoted to be Senior Master Pilots.

15. Every member of the Pilot Service is subject to such rules as the Government of India, or as the Government of Bengal under the control of the Government of India, may from time to time respectively make in regard to discipline, leave, leave allowances, number of officers in the service, distribution into grades, tonnage of ships to be allotted to the several grades, etc., and in all respects he is amenable to such orders as may be passed by the Government of Bengal, and is liable to degradation, suspension and dismissal, by the Government of Bengal, for any breach of such rules or orders, or for misconduct.

16. The principal leave and pension rules at present in force are contained in Chapter XXXIII of the Civil Service Regulations, fourth edition, and are summarised in Chapters XXXI and XXXII of the Code of Regulations for the Bengal Pilot Service; but it is to be understood that the rules are subject to alteration at the discretion of the Government of India. Pilots are required to contribute towards the cost of pensions for their widows and orphans under rules which will be found in the chapter of the Civil Service Regulations quoted above.

14. The rates for water supplied on a lease for a term of years between the 16th June and the end of February shall be payable in two equal instalments, falling due respectively on the 1st January and 1st February following, but all sums of Rs. 10 and under shall become due on the 1st January and be payable in one instalment.

The rates for water supplied on season leases between 1st March and 15th June shall fall due on the 1st July following.

The rates for water to be supplied to tanks shall be payable before water is supplied.

15. Water-rates imposed under rule 33 shall fall due as soon as the assessment is made and shall be realised at once.

ON REMISSIONS.

16. Remission of water-rates, either in whole or in part, shall be granted as follows :—

- (i) By the Divisional Canal Officer for errors in assessment or rates.
- (ii) By the Divisional Canal Officer for injury to a crop on a leased area caused by a deficiency in the supply of water.

In the latter case a written application must be made at least 20 days before the crop is cut.

17. Remissions on other grounds than the above require the sanction of Government.

18. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy, or absconding of the defaulter, the amount which is not realisable may be written off as irrecoverable on the authority of the Superintending Canal Officer.

ON CULTIVATORS' REPRESENTATIVES.

19. In all applications and permits other than those relating to sale of water by volume, the names of one or more persons shall be entered as *lambardar* who will be responsible for discharging the duties mentioned below :—

- I.—Obtaining signatures to applications and certifying to the correctness of the same.
- II.—Attending and giving assistance in measuring land irrigated, or proposed to be irrigated.
- III.—Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area, on any channel, is complete.

- IV.—Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.
- V.—Being present when complaints are investigated by a Canal Officer, or subordinate, and giving information required in connection with the same.
- VI.—Receiving *parchas* from the Canal Officer and distributing the same amongst the persons named therein.
- VII.—Reporting before the 15th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *khari* season so that these cases may be investigated before water rates are demanded.
- VIII.—Reporting to the Collector or to such officer as he may appoint, mutations in holdings in the case of leases for a term of years.
- IX.—Assisting the Collector by pointing out the residences of the persons assessed and identifying them.

20. In the case of season leases the remuneration for performing the duties mentioned in the rule immediately preceding shall be two per cent. on the assessment (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being omitted.

21. In the case of leases for a term of years other than those entered into jointly with contractors the remuneration to be paid to the *lambardar* for performing the duties mentioned in rule 19 shall be three per cent. yearly on the assessment of the year (excluding fractions of a rupee) which shall be paid by the Canal Officer. The amount paid shall be calculated in rupees and annas only, pies being excluded.

22. The *lambardar* will be appointed by the Subdivisional Officer in consultation with the applicants for the lease and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants or two or more persons being jointly appointed as *lambardar* on behalf of the whole of the applicants. In case the Subdivisional Canal Officer cannot agree with the applicants in the appointment of *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

In those cases where an application is made by a contractor and cultivators jointly for a lease for a term of years the *lambardar* shall be nominated by the contractor.

23. The Divisional Canal Officer may, for reasons which appear to him to be sufficient and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

24. The fees to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer may retrench the whole or any part of the fees payable for reasons to be recorded in writing. In calculating the fees payable, fractions of one anna will be excluded.

Intermediary agency.

25. Leases for a term of years will be entered into with associations of cultivators as specified in these rules; and also on the joint application of the cultivators and of some person hereinafter called the contractor who shall collect and pay to Government all sums due under the agreement on account of water-rates. The joint agreement shall be in the form given in Appendix VII to these rules. The contractor must have a beneficial interest in some part of the land included in the application extending for the full term of the lease.

26. Contractors are authorised to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included in the block at the rates fixed by the Lieutenant-Governor.

27. A contractor (or in case there be more than one, each contractor severally) shall use due diligence in the collection of the water-rates specified in the agreement from the cultivators who have applied for the water supply. In the case of his failure after due diligence to collect, he shall within thirty days of the rates becoming due submit to the Collector a list showing the names of the defaulters with the sums due from each, and the Collector shall thereupon proceed to realize the amount due from the said defaulters according to law.

28. A contractor (or in case there be more than one, each contractor severally) shall be responsible for all sums payable on the agreement except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence and shall be entitled to a commission of 5 per cent. on all sums collected by himself.

29. In the case of a lease entered into under an application in the form given as Appendix I, a contractor may subsequently be appointed by the Collector with the written approval of the Divisional Canal Officer. Such contractor must for the whole term of the lease have a beneficial interest in some part of the land included in the application and must sign an application in the form given as Appendix VIII. The appointment shall not be made unless the *lambardars* and leading cultivators give their assent in writing thereto and the Collector is satisfied that the appointment of a contractor is acceptable to the signatories to the lease.

30. The contractor appointed under rules 25 and 29 may, but shall not necessarily be *lambardar*. The *lambardar* will in all cases be appointed by the Canal Officer under the provision of rule 22 and shall be remunerated at the rate specified in rule 21 subject to the conditions mentioned in rule 24.

31. No steps shall be taken to prepare a joint application by cultivators and a contractor until the written assent of the Collector to the proposed contractor has been received, nor shall the Collector take any steps towards the appointment of a contractor under rule 29 until the written assent of the Divisional Canal Officer has been received. The Collector may, before approving of a contractor under this rule, require him to give security for the due performance of the contract.

32. A contractor may resign his interest in the lease by giving notice to the Divisional Canal Officer three months at least before the 16th June next following, in which case his connection with the lease shall cease from that date and the Subdivisional Canal Officer shall proceed to appoint a *lambaradar* under rule 22 and the Collector to realize water-rate due directly from the lessees.

The Divisional Canal Officer may, at the instance of the Collector, remove any contractor who fails to use due diligence in making collections. In such cases three months' notice at the least before the 16th June next following shall be given and the removal shall take effect from that date. The Collector may, under the conditions and procedure specified in rule 29, appoint a new contractor in place of a contractor who has resigned or who has been removed.

ON UNAUTHORISED IRRIGATION.

33. For the unauthorised use of canal water a rate of Rs. 5 per acre shall be charged; this rate may, however, be reduced at the discretion of the Divisional Canal Officer.

34. When it comes to the knowledge of the Subdivisional Canal Officer that canal water has been taken in an unauthorized manner, he shall hold a local investigation, and, if he considers that the land deriving benefit is liable to assessment, he shall serve a notice on the persons concerned, fixing a date for hearing objections. Any objections made shall be taken down and the whole record forwarded to the Divisional Canal Officer for disposal.

35. The Divisional Canal Officer after hearing any objection that may be raised shall if he is of opinion that the land should be assessed, fix the rates allowed under rule 33 and return the record to the Subdivisional Canal Officer who shall then complete the assessment. Water-rates shall not be charged where the unauthorized irrigation has occurred through the act, neglect or default of a Canal Officer or subordinate. It is not an unauthorized use of water during the *kharif* season to receive or to lead water on to unleased lands which may have been supplied to lands under lease in excess of requirements.

36. Applications for leases may be subsequently received from villages in which unauthorized irrigation has occurred, and these villages may be granted leases; in such cases the persons assessed under rule 33 shall also pay the water-rates due in respect of the lease subsequently granted, provided that the total of these two rates shall not exceed the maximum rate chargeable under rule 33. In such cases of double assessment the Divisional Canal Officer may remit, in whole or in part, the rates assessed under rule 33.

ON PENALTIES AND CANCELLING OF LEASES.

37. Should it be proved, after due enquiry, that the supply of water given to any area leased for a term of years is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Canal Officer to direct that the lease shall be cancelled with effect from the 1st June next following.

38. The Superintending Canal Officer may, with the concurrence of the Collector, direct the Divisional Canal Officer to—

- (I) Cease to issue permits for the irrigation of lands in villages where there have been constant difficulties in realising water-rates until all the arrears of water-rates due are paid up; and also, if specially so ordered, until half the amount due under new applications is paid in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.
- (II) Cancel any lease for a term of years, if on the 1st June water-rates to the extent of half the demand for one year are in arrears.
- (III) Cancel any lease the lands covered by which cannot be irrigated from the canal except by passing water over an unleased area.

MISCELLANEOUS.

39. No person shall, without the written permission of the Divisional or Subdivisional Canal Officer, pass or cause any animal or vehicle to pass along or across any of the works, channels, or banks of a canal or drainage work after he has been desired to desist therefrom except by means of such bridges, fords, and ferries and their approaches as have been provided for the purpose. Any person who after due warning breaks this rule may be proceeded against under section 93, clause (9) of the Bengal Irrigation Act, III of 1876.

40. Unless specially exempted by the Lieutenant-Governor from the operations of these rules no officer employed on the canal shall have any interest in the distribution of water from it, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly or in shares with others.

	Rs.	A.
Medical attendance ...	4,245	0
Operations ...	1,538	15
Total ...	5,783	15

The daily average cost of diet for inmates only, not including staff, was Re. 1-14-3 compared with Re. 1-9 in 1906.

The accounts were as in former years audited by Messrs. Lovelock and Lewis, of Calcutta, whose letter giving the result of audit and statements showing the financial position are attached.

No. 83Marine.—The following regulations for the admission of locally selected candidates into the Bengal Pilot Service are published for general information, in supersession of those published under notification No. 74Marine, dated the 7th July 1908 :—

REGULATIONS FOR THE ADMISSION OF LOCALLY SELECTED CANDIDATES INTO THE BENGAL PILOT SERVICE AT CALCUTTA, CORRECTED UP TO JUNE 1908.

1. In any year in which a local candidate is to be appointed to the Bengal Pilot Service a competitive examination will be held in or about the month of March, and six months prior notice of the examination will be published by the Local Government. The number of vacancies available for local candidates shall also be declared, and they will be filled up by the successful candidates in order of merit; but no local candidate shall be appointed who does not satisfy the Examiners, or who in other respects does not come up to the requirements of the following rules.

2. Candidates must be not less than 18, or more than 22 years of age, and must be descended from European or Eurasian parents domiciled in India. Each candidate must

produce a Board of Trade or Colonial Certificate of Competency as a 2nd Mate or any higher grade. Provided that an intending candidate who, in the month of March in any year in which no examination is held, is not more than 22 years of age, and has fulfilled the conditions of service laid down in rule 4 below, shall not be debarred, on account of being over the prescribed age, from appearing at the next examination held.

3. Each candidate must produce a medical certificate of good health and physical fitness to work as a Pilot in a tropical climate, and also satisfactory evidence as to his moral character. Each passed candidate will, before appointment, be required to undergo a further examination as to his physical fitness by the Medical Board sitting at Calcutta, and will not be appointed unless the Board certifies him to be in all respects physically fit to work as a Pilot on the Hooghly.

4. He must have served four years at sea, of which not less than three years must have been in a merchant sailing vessel employed in the foreign trade of not less than 300 tons register, as a seaman or apprentice, and must produce satisfactory certificates from the Masters he has sailed under.

5. Before being admitted to the examination, the candidate will have to satisfy the Examiners that he has passed the Middle Scholarship Examination under the Code of Regulations for European Schools, or that he has passed the Calcutta University Entrance Examination. Candidates will be examined in Navigation and Seamanship up to the standard of a 2nd Mate in the Merchant Service.

6. He will on being appointed to the service receive Rs. 100 per mensem.

7. A Leadsman Apprentice will go through such a course of training and pass such examinations as the Government of Bengal may from time to time prescribe. He will, whilst in this grade, receive a salary of from Rs. 100 to Rs. 150 a month, in accordance with the duty on which he is employed. He will also receive such share of the lead-money paid by the ships on which he does duty as may from time to time be fixed by the Government of Bengal.

8. After five years' service as a Leadsman Apprentice, he will be allowed to appear at an examination to qualify him for appointment as Mate Pilot, but if he shows exceptional ability and has passed each previous examination in his first attempt, bears a very good character and is otherwise well reported on, this period may, with the special sanction of the Government, be reduced to four and-a-half years, when, if successful in the examination, he will be promoted to the grade of Mate Pilot on the occurrence of a vacancy. While remaining as a Leadsman Apprentice after passing this examination, he will receive a salary of Rs. 175 a month.

9. After three years' service as a Mate Pilot, he will be permitted to go up for an examination to qualify for appointment as Master Pilot, and, if successful, he will be promoted to that grade on the occurrence of a vacancy.

10. Vacancies which occur in the grade of Branch Pilot will be filled up by promotion from the Master Pilot's grade, of men who have passed the Branch Pilot's examination.

11. Branch Pilots and Pilots who have passed the Branch Pilots' examination, will, while under 55 years of age, be examined at intervals of three years by the Marine Surgeon with respect to their eyesight and general physical fitness for the performance of their duties. All Pilots who continue in the service after attaining the age of 55 years will be similarly examined every year.

12. If the Local Government has reason to believe that a Pilot is, owing to physical unfitness of any kind, incapable of discharging his duties properly, it shall arrange for his medical examination, and shall take such action as may seem desirable when the results of that examination are communicated. In particular, Pilots shall be medically examined after the occurrence of any accident to the vessels in their pilotage charge, if the circumstances tend to show that the accident was in any way attributable to physical unfitness on the part of the Pilot.

13. Pilots are not entitled to any salary while on pilotage duty, but receive as their remuneration a share, at present 50 per cent., but liable to alteration at the discretion of the Government of Bengal, of the pilotage dues paid by ships piloted by them.

14. Every member of the Pilot Service is subject to such rules as the Government of India, or as the Government of Bengal under the control of the Government of India, may from time to time respectively make in regard to discipline, leave, leave allowances, number of officers in the service, distribution into grades, tonnage of ships to be allotted to the several grades, etc., and in all respects he is amenable to such orders as may be passed by the Government of Bengal, and is liable to degradation, suspension and dismissal, by the Government of Bengal, for any breach of such rules or orders, or for misconduct.

15. The principal leave and pension rules at present in force are contained in Chapter XXXIII of the Civil Service Regulations, fourth edition, and are summarised in Chapters XXXI and XXXII of the Code of Regulations for the Bengal Pilot Service; but it is to be understood that the rules are subject to alteration at the discretion of the Government of India. 57. No cargo boat or flat of any description shall ply, whether regularly or only occasionally in, or partly within and partly without, the limits of the Port unless licensed and registered by the Commissioners. No licensed and registered cargo boat or flat shall be allowed to ply except under the direction of a manjee, serang or other officer licensed and registered by the Commissioners.

60. No license shall be granted to any cargo boat or flat until such boat or flat has been surveyed by the Boat Surveyor of the Commissioners and he has granted a certificate stating—

- (a) that the boat or flat is in good order and suited for the conveyance of cargo within the Port;

Depth.—Measure the depth from underside of deck beam amidships to upperside or floor ceiling plank.

Then multiply the length, breadth and depth together, and the product—

- by .008 for bazar boats when the brake forward and aft does not exceed 9 inches ;

The result will be the tonnage of the boat or flat.

The foregoing formula shall be used in measuring boats and flats of class I, up to a burden of 50 tons, but the measurement of boats or flats of that class exceeding 50 tons shall be made under the Merchant Shipping Act, provided that the Boat Surveyor of the Commissioners may measure boats or flats of class I of any size under the Merchant Shipping Act, when the owners show that the measurements made according to the above formula are inaccurate or oppressive.

No. 3459 Agri.—The 1st September 1908.—The Lieutenant-Governor is pleased to prescribe the following rules for regulating the examination in vernacular languages of officers of the Bengal Agricultural Service.

F. W. DUKE,
Offg. Chief Secy. to the Govt. of Bengal.

Rules for the Examination in Vernacular Languages of Officers of the Bengal Agricultural Service.

1. Every officer of the Bengal Agricultural Service is required to pass an examination in a selected vernacular language within two years of the date of his arrival in India or of his first appointment to the service, whichever is later, but the Local Government may, for special reasons, extend the period for passing in any particular case. Failure to pass within the prescribed period will, in the absence of such special orders as the Local Government may issue to the contrary, entail loss of appointment or stoppage of increments of pay.

2. The examination will be conducted under the direction and control of the Central Examination Committee.

3. The examination will be held twice a year simultaneously with each half-yearly Departmental Examination of Assistant Magistrates and others in April or May and in October or November, on dates to be notified in the *Calcutta Gazette* in communication with the Central Examination Committee.

4. The Director of Agriculture shall in due time report to the Chief Secretary the names of intending examinees and the subject and the standard each candidate will take up.

5. The examination will be held at the following centres:—

- (1) Bankipore for candidates employed in the Patna and Bhagalpur Divisions.
- (2) Calcutta for candidates employed in the Presidency and Burdwan Divisions.
- (3) Ranchi for candidates employed in the Chota Nagpur Division.
- (4) Cuttack for candidates employed in the Orissa Division.

N.B.—The examination in Uriya will be held only at Cuttack under the control of the Local Committee formed at that centre.

6. The compulsory vernacular of a candidate will be either Bengali or Hindustani according as the one or the other is prescribed by Government. In the case of an officer employed in the Orissa Division the compulsory language will be Uriya.

7. No native officer shall be liable to examination in a language which is his own vernacular.

8. There will be two standards of examination—(1) higher standard and (2) lower, standard.

An officer must pass by the lower standard completely before he can take up any paper by the higher standard. In case, however, a candidate is permitted to take up both standards at the same time, he must finish his lower standard papers first before taking up any of the higher standard papers. No extra time will be allowed for taking up both standards at the same time. If he passes in either of the papers, he will be held to qualify for the lower standard, but passing marks must be obtained in both sets of papers to qualify for the higher standard.

9. The examination will include the following subjects:—

- (1) Transliteration and translation of a printed passage selected from a newspaper suitable official report or the like.
- (2) Translation into the vernacular of an English passage similarly selected.
- (3) Dictation into the vernacular of a simple passage in English.
- (4) Conversation in the vernacular.

(a) The paper set for translation from the vernacular should also be transliterated into the Roman character according to the Hunterian or Wilsonian system.

(b) The paper set for dictation shall be translated into the vernacular and dictated off-hand fluently and intelligibly and the translation written down by a clerk exactly as dictated.

(c) The conversation test should show that the candidate is able to converse freely and at first hand both with the educated classes and with the village cultivators, but should not include technical expressions concerned with subjects other than agriculture.

10. The maximum and the pass marks assigned to each branch of the examination and the time allowed for the papers are subjoined:—

			Maximum marks.	Pass marks.	Time allowed
(1) Transliteration	{ One paper {		20	10	{ One and-a-half hours.
(2) Translation from vernacular			20	10	
(3) Ditto from English	20	10	Two hours.
(4) Dictation from English	20	10	Half an hour.
(5) Conversation	80	40	Ten minutes.

11. The papers set at the examination should be of a general character, and should specially deal with agricultural matters and not with specialized revenue or magisterial reports.

12. The question paper will, as far as can be arranged for, be set by an officer of the Agricultural Department in consultation with the Central Examination Committee.

13. The Central Examination Committee after perusing the reports and the examination papers shall report to Government the names of such officers as in their opinion have passed.

14. When an officer, who has not yet passed in his compulsory vernacular, is required by reason of transfer or for any other cause, to pass in a different compulsory language, the limit of time laid down in rule 1 shall run from the date of the order requiring him to pass in a new language.

15. No officer is required to pass in more than one vernacular; but every officer is expected, in order to increase his usefulness, to make himself familiar with the vernacular of the district or districts in which he happens to be serving. No reward will be given for passing in a first compulsory language, but for passing in any other vernacular language, a knowledge of which is, in the opinion of the Local Government, likely to add to his efficiency in the performance of his duties, an officer will receive a reward of Rs. 250 for the lower standard and of Rs. 500 for the higher standard, the examination in such cases being the same as that prescribed for members of the Indian Civil Service.

16. These rules will apply to officers now in the service, subject to the conditions of their respective agreements, and to such orders as they may have already received from Government.

SIR,

I AM directed to forward for your information and guidance, and for communication to the Subordinate Criminal Courts of your district copies of the rules which have been framed by this Court regarding Mukhtars' clerks.

HIGH COURT.
ENGLISH DEPARTMENT.
[Criminal.]

2. The attention of the Court has recently been drawn to the unsatisfactory condition of affairs which has resulted in certain instances from an excessive number of persons attending the local Courts, under the pretext that they are Mukhtars' clerks. It has also been brought to the notice of the Court that the powers of District Magistrates in regard to the control of this nuisance are not as clearly defined as is desirable. The Court trust that the rules now issued will be sufficient to meet the evil.

3. I am to request that you will be so good as to state in your next Annual Report, the way in which the rules have worked during the period they have been in force in your district.

I have the honour to be,

SIR,

Your most obedient servant,

A. P. MUDDIMAN,

Registrar.

Rules regarding Mukhtars' clerks.

1. The District Magistrate at head-quarter stations, and such Court at out-stations as the District Magistrate may direct, shall maintain a register of all clerks employed by the Mukhtars practising at those places, showing their names, residences and the date on which they were registered as clerks of the Mukhtar by whom they are now employed.

2. On or before the date on which these rules come into force, all Mukhtars practising in the subordinate Courts shall file a statement of the names and addresses of the clerks employed by them and shall report any changes as they occur. The certificates required by rule 4 shall be furnished in regard to the persons whose names are reported for registration under this rule.

3. No Mukhtar shall employ more than one clerk at one and the same time, without the express permission of the District Magistrate, or such officer as the District Magistrate shall authorise to grant such permission.

4. A Mukhtar, desiring to employ as a clerk any person not in his employ at the date these rules come into force, shall state in his application that such person is a fit and proper person to be so employed, and that he will be employed *bonâ fide*, in his own service, for the purposes of his legal business.

5. These rules will come into force on the 1st of November 1908.

1. In carrying out the following rules, Revenue-officers shall have regard to the instructions of the Board of Revenue for the guidance of Revenue-officers, so far as such instructions are consistent with the rules herein prescribed under Act VIII of 1885.

Regard to be had to instructions of Board of Revenue.

2. Except where otherwise provided for by law or by these rules, all proceedings and orders of Revenue-officers, passed in the discharge of any duty imposed upon them by, or under, this Act, shall be subject to the supervision and control of the Board of Revenue; and the proceedings and orders of each Revenue-officer under this Act shall be subject to the supervision and control of the Revenue-officers to whom he may be declared by the Board of Revenue to be, for the purposes of the Act, subordinate.

(3) One or two respectable inhabitants of the locality shall always be asked to assist in the preparation of price-lists, and the list shall be signed by at least one of them as well as by the officer preparing it.

12. After the expiry of the term of publication of the price-lists in the mart to which they refer, as mentioned in the last preceding rule, the lists shall be submitted to the Board with any objections made to them, and with the opinions of the officers who prepared and countersigned them, and of the Collector, on such objections.

The inquiry shall be limited to the ascertainment of the fact whether the work in question is really an improvement; whether any enhancement of rent is being paid for the original improvement; and whether the cost of the improvement has been correctly stated in the application.

Local inquiry.

16. On the date so fixed, or on any date to which the proceedings may be adjourned, the officer shall hear summarily such of the parties and their witnesses as may attend, and shall consider any report submitted to him under rule 15. He shall then decide whether the work is an improvement, and whether the landlord is entitled to register it, and shall accordingly order it to be registered with such modifications of the figure in column 6 of the application as he may deem fit, or shall refuse registration. If the work is fit to be registered as an improvement, the officer shall record whether any enhancement of rent is being paid for the original improvement, and, if so, how much.

Hearing of parties to application.

17. Nothing hereinbefore contained shall preclude the officer receiving the application from holding a local inquiry in person, and from ordering the improvement to be registered, or refusing registration in accordance with the result of the inquiry so held.

Saving.

(b) A khewat shall ordinarily be prepared to show the character and extent of the interest of tenure-holders, such of their interests as are of a raiyati nature being also recorded in the khatian.

49. (a) The khatian shall show in detail for all the lands of the village, estate by estate, landlord by landlord, tenant by tenant, and occupant by occupant, the lands included in each estate owned by each landlord and occupied by each tenant or occupant, with particulars of rent and area and of the incidents of each tenancy.

(b) Lands cultivated or otherwise held direct by the proprietor shall be shown in detail in the khatian, and shall be entered either as proprietor's private land within the meaning of section 120 of the Bengal Tenancy Act or as land held by the proprietor, but not private land, within the meaning of that section.

D.—Attestation of the Record.

50. (a) When the map, khasra, khewat and khatian for a village have been prepared in the manner prescribed by these rules and by instructions of the Board of Revenue consistent with

them, the Revenue-officer shall issue a notification in the form (Form 10) given in Schedule I, fixing a day, which shall be not less than a week from the date of publication of the notification, on which he will be present at some place to be specified at or near the village, for the purpose of attesting and completing the record-of-rights.

(b) The notification shall further state that on the day so fixed, or on any other day to which the proceedings may be adjourned, the Revenue-officer will record rents and status and deal with objections relating to entries in the record or omissions therefrom; and it shall require all parties interested in the subject-matter of the inquiry to attend at the time and place specified, with their *parchas*, and with such evidence as they have to offer in connection with the proceedings.

(c) Such notification shall be published by proclamation and beat of drum, and fixed up, in the presence of not less than two persons, in some conspicuous place in the village to which it refers.

51. The Revenue officer may also, if he deem fit, take such additional measures under the powers conferred on him by rule 40, as he may deem desirable to procure the attendance, at the place specified in the notification issued under the last preceding rule, of the occupants, under-raiyats, raiyats, tenure-holders, landlords and proprietors or their authorized agents.

52. On the date specified in the notification issued under rule 50, or on any other date to which the proceedings may be adjourned, the entries which have been made in the *khewat* and in each *khatian* shall be read out in the presence of such of the interested parties as are in attendance.

If the correctness of any entry is questioned, the Revenue officer shall dispose of the objection after local inquiry or otherwise:

Provided that if the correctness of the measurement be objected to, and a fresh measurement be demanded, the Revenue officer may require the cost of the re-measurement to be deposited.

If the measurement shows the original measurement to have been inaccurate, the amount deposited, or any portion of it, may, if the Revenue officer thinks fit, be refunded to the objector.

53. The Revenue officer shall ascertain what tenants claim the right to hold at fixed rates or fixed rents, explaining, as far as may be necessary, the provisions of the Bengal Tenancy Act, 1885, in this respect. If the right claimed is disputed by the landlord, the Revenue officer shall call on the claimants for proofs of such right. If on the evidence produced the Revenue officer is satisfied that the tenants have the rights they claim, he shall record them as raiyats at fixed rates of rent, or a fixed rent, as the case may be.

54. The Revenue officer shall ascertain which of the raiyats are settled raiyats, or occupancy raiyats, as the case may be, and shall record them as such, having regard to the presumption of section 20 (7) of the Bengal Tenancy Act, 1885.

55. The Revenue officer shall ascertain what raiyats are non-occupancy, and to this end he shall be entitled to call upon the landlord or his agent to produce a statement showing the names of the raiyats alleged by him to be non-occupancy raiyats. On the production of such statement, the Revenue-officer shall explain to the raiyats whose names are entered in the statement, and who have not already been recorded as occupancy or settled raiyats, the nature of the presumption raised by section 20 (7) of the Bengal Tenancy Act, 1885. If, after such explanation, a raiyat admits himself to be a non-occupancy raiyat, he shall be recorded as such. If he does not admit himself to be a non-occupancy raiyat, the Revenue officer shall call on the landlord to prove the allegation made by him in regard to such raiyat.

56. *Abwabs* shall not be recorded. Cesses which are authorized by law shall be recorded separately from the rent in the *khatian*, or, in the case of tenure-holders, in the *khewat*.

57. The Revenue-officer shall summarily ascertain the rent at present payable by the tenant, and record it in the appropriate column of the *khatian* as the rent payable in respect of the land held by the tenant.

58. If, while the record is being prepared, the landlord and tenant agree as to the rent which shall be recorded as payable, the Revenue-officer, if he has been vested with powers under section 109 C of the Bengal Tenancy Act, 1885, as amended by Bengal Act I of 1907, may, if he is satisfied that the rent agreed upon is fair and equitable, but not otherwise, settle such rent as a fair and equitable rent, although the terms of the agreement are such that, if they were embodied in a contract, they could not be enforced under the Bengal Tenancy Act.

Agreement between landlord and tenant as to rent to be recorded.

59. If the Revenue-officer has not been vested with powers under section 109C, he may, if he considers that the provisions of that section should be applied in respect of the rent of any tenure or holding, submit a report to any Revenue-officer who has been vested with powers under section 109C in the local area for which the record-of-rights is being prepared; and such Revenue-officer, after giving notice to the landlord and tenant, and after such further inquiry as he may deem necessary, may, if he is satisfied that the rent agreed upon by the landlord and tenant is fair and equitable, but not otherwise, settle such rent as a fair and equitable rent, although the terms of the agreement are such that, if they were embodied in a contract, they could not be enforced under the Bengal Tenancy Act.

Procedure where Revenue-officer not vested with powers under section 109C.

60. Proceedings for the settlement of rents under section 109C shall be drawn up in such form as the Board of Revenue may prescribe; and all rents settled under clause (1), section 109C, or revised by the Board of Revenue under clause (3), section 109C, shall be entered in the record-of-rights.

61. When the record-of-rights has been prepared and attested in the manner prescribed in Rules 50 to 57, and when the record shall have been arranged and corrected in accordance with the orders which the Revenue-officer may have passed, he shall record a proceeding in which he shall state that attestation of the records of the village has been completed, and shall then cause the draft record-of-rights to be published in the village in the manner provided in Rule 62.

(a) As soon as the record-of-rights has been prepared and attested, a notice in Form 11 in Schedule I shall be posted up at the landlord's office in the village, and, in the presence of not less than two persons, in some other conspicuous place in the village, or, where the village is uninhabited, in the village in which most of the cultivators of the uninhabited village reside, stating that the draft of the record will be published in the village on a day to be specified, not less than a week from the date of the posting of such notice, and calling on all persons interested to attend on the date so specified:

Publication of draft record and hearing of objections.

Provided that the draft of the record shall not be published until the proceeding under Rule 61 has been recorded.

(b) On the date fixed for the publication of the draft record, the Revenue-officer shall either proceed to the village himself and read the contents of the record in the presence of the parties who attend, or he shall depute an officer who shall read out the contents of the record in the presence of as many of the parties as attend; and the Revenue-officer, or the officer deputed by him, as the case may be, shall at the same time inform the parties who attend that the draft record will be open for inspection for not less than one month in the office of the Revenue-officer, or in such other convenient place as the Revenue-officer may determine.

Any objection which may be made to any entry during the period named shall be received and considered by the Revenue-officer.

Objections shall, as far as practicable, be made in Form 12 given in Schedule I.

F.—Disposal of Objections under section 103A.

63. When an objection is made within and before the expiry of the period of publication of the draft record prescribed under Rule 62 (b), regarding the correctness of an entry, or as to the propriety of any omission, notice of the objection (in Form 13,

Schedule I), shall be served on all persons whose interest may, in the opinion of the Revenue-officer, be affected thereby, and they shall be called upon to attend at such time and place as the Revenue-officer may fix for the disposal of the objection.

If no person attends to contest the objection, and the Revenue-officer is satisfied that the notice of the objection has been duly served on all persons interested, the objection may be allowed and the record amended accordingly, or the person who made the objection may, if the Revenue-officer thinks fit, be called upon to produce evidence in support of his objection.

All such objections shall be dealt with summarily, under such instructions as the Board of Revenue may prescribe.

G.—Settlement of Fair Rents in cases in which a Settlement of Revenue is being, or is about to be, made.

Report to Government where it is not necessary to settle rents of all classes of tenants in a Government Estate.

64. If it does not appear to the Revenue-officer expedient to settle the rents of tenants of every class in an estate or tenure belonging to the Government, the Revenue-officer shall submit a report for the orders of the Government under the proviso to section 104 of the Bengal Tenancy Act, 1885, as amended by Bengal Act I of 1907.

Service of notice of settlement of rents.

65. In the case of a settlement of fair rents under Part II of Chapter X of the Bengal Tenancy Act, 1885, when a settlement of revenue is being, or is about to be, made, the Revenue-officer shall serve a notice by proclamation and beat of drum, and by posting it, in the presence of not less than two persons, in some conspicuous place in the village comprising the lands under settlement.

The notice shall be in Form 14 in Schedule I and shall set forth that, on a date named and at a place named, the Revenue-officer will settle fair rents in respect of all estates, tenures or holdings, and for unsettled lands included in such village. A schedule may, when the Revenue-officer thinks fit, be appended to the notice, giving such particulars as he may think necessary relating to the names and numbers of all estates, tenures, and holdings paying revenue or rent to Government, and of unsettled lands for which rent will be settled. Such notice shall be served at least one week previous to the date fixed for settlement of fair rents. When such notice has been served, it shall be held that all persons have, subject to the provisions of Rule 73, been sufficiently warned of the date fixed:

Provided that in cases in which a table of rates is prepared under the provisions of section 104B, the notice shall not be published until the table of rates has been confirmed under subsection (5) of that section.

Table of rates where necessary.

66. A table of rates shall not ordinarily be prepared when it is found that the tenants of the local area in question hold their lands at lump rentals, and no rates actually exist, or when the rates are so numerous and varied, and are so little dependent on the class of soil, that no table of existing rates can be prepared. When the above conditions do not obtain, and it is possible to prepare a table of existing rates which are generally of a uniform character and in accordance with certain ascertainable classes of soil, a table of rates may be prepared in accordance with the provisions of section 104A (c):

Provided that when the Revenue-officer is of opinion, for reasons to be recorded by him in writing, and submitted to, and approved by, the authority empowered to confirm the table of rates, that the rents stated as the existing rents by the landlord and tenants are not the rents that are legally payable, and that it is impossible to ascertain those rents, a table of rates fairly and equitably payable may be prepared and shall be based on the rates or rents payable in those neighbouring villages, the lands of which are fairly comparable with the lands of the village.

Preparation of table of rates.

67. When the Revenue-officer has decided to settle rents in any local area on the basis of a table of rates, under section 104A (c), he shall first prepare a table of existing rates and shall then either maintain those rates or shall proceed to enhance or reduce them, having regard to the general principles laid down

n the Bengal Tenancy Act, 1885, for the enhancement or reduction of rents, and especially to section 30 (b), (c) and (d).

68. The table of rates finally prepared by the Revenue-officer and published by him under section 104B (2) shall contain the particulars noted in section 104B (1), and shall show—

Contents of table of rates.

- (a) the classes of land, as locally known, that have been adopted in the fixation of rates;
- (b) the area, expressed in local measure, for which each rate is fixed;
- (c) the existing rates, if any, taken as the basis of the table of rates; and
- (d) the rates of rent fixed as fairly and equitably payable by tenants holding land of each class whose rent is liable to alteration.

69. (a) When a table of rates has been prepared under section 104B, a notice in Form 15 in Schedule I shall be posted up in the landlord's office in the village or, in the presence of not less than two persons, in some conspicuous place in the village, stating that the table of rates will be published in the village on a day to be specified, not less than a week from the date of the posting of such notice, and calling on all persons interested to attend on the date so specified.

Publication of table of rates.

(b) On the date fixed for the publication of the table of rates, the Revenue-officer shall proceed to the village and shall explain to so many of the parties as attend, the proposed rates and the grounds on which they are based and shall hear and consider any objections that may be raised to any entries in the table. He shall at the same time inform the parties who attend that the table of rates will be open to inspection for not less than one month in the office of the Revenue-officer or in such other convenient place as the Revenue-officer may determine, and that any person who objects to any entry in the table of rates may present a petition to him on the subject, within one month of the date of the publication of the table of rates, which will be duly considered under section 104B (3).

70. The Revenue-officer shall record the grounds of his final order in every case in which he disposes of an objection to a table of rates under section 104B (4).

Record of grounds of order.

71. In submitting his proceedings to the confirming authority under section 104B (4), the Revenue-officer shall describe the land classification adopted by him for the purposes of his table of rates, and shall show in tabular form the rates which were found by him to exist for the classes of land described, and the rates he proposes to substitute for the existing rates, explaining in each case his grounds for maintaining, enhancing or reducing the rates.

Submission of proceedings to confirming authority.

72. (a) The following Revenue Authorities are empowered, under section 104B (4), to confirm tables of rates prepared under the Bengal Tenancy Act:—

Confirming authorities.

- (i) when the total rents to which the table of rates is to be applied will not, in the opinion of the Revenue-officer, exceed Rs. 1,000 the Collector of the District;

- (iii) when the total rents in question will, in the opinion of the Revenue-officer, exceed Rs. 5,000, the Board of Revenue.

(b) The following Revenue Authorities are empowered under section 104B (4), to confirm Settlement Rent-rolls prepared under the Bengal Tenancy Act:—

- (i) in all cases in which the Settlement Rent-roll has been prepared by an Assistant Settlement Officer, and the Settlement Officer is of the rank of a Collector, the Settlement Officer, and

- (ii) in all other cases the Collector or other Revenue Authority to whom the Settlement Officer is declared by the Board of Revenue to be immediately subordinate.

Settlement of fair rents.

73. On the date fixed in the notice issued under rule 65 above, or on any subsequent date to which the proceedings may be adjourned, the Revenue-officer shall read, or cause to be read aloud in his presence, the name of each tenant whose rent has to be settled, the area of his tenancy, and the existing rent, and shall proceed to settle a fair rent for every such tenant under the provisions of section 104A (1), (a), (b), (d) or section 104C :

Provided that when a Revenue-officer proposes to alter an existing rent, and the parties have not attended in compliance with the general notice prescribed in rule 65 above, the Revenue-officer shall serve each person interested with a special notice, and the fair rent shall not be settled in the absence of such person until after due service of such special notice has been proved.

Contents of Settlement Rent-roll.

74. The Settlement Rent-roll shall contain the particulars prescribed in section 104A (2), and the fair rent settled for each tenant shall be entered in it by the Revenue-officer himself at the time that such rent is settled.

Publication of Settlement Rent-roll and filing of objections.

75. As soon as the Settlement Rent-roll has been prepared, it shall be published by a notice in Form 16 in Schedule I in the manner prescribed for the publication of the Draft Record in rule 62, and the Revenue-officer or the officer deputed by him to read out the contents of the Settlement Rent-roll, as the case may be, shall at the same time inform the parties who attend that the Settlement Rent-roll will be open to inspection for not less than one month in the office of the Revenue-officer, or in such other convenient place as the Revenue-officer may determine, and that any person who objects to any entry in the Settlement Rent-roll or omission therefrom may present a petition to the Revenue-officer on the subject within one month of the date of the publication of the Settlement Rent-roll, which will be duly considered under section 104E.

Method of dealing with objections. Appeal.

76. All objections presented under rule 69 or rule 75 shall be dealt with in accordance with the provisions of rule 63 in the same way as objections presented under section 103A. An appeal presented under section 104G (1) shall lie to the officer to whom the Revenue-officer who has passed the order appealed against is immediately subordinate :

Provided that a second appeal shall lie from any order on appeal settling the amount of a fair rent passed by a Settlement Officer or Collector under this rule to the Commissioner of the Division, and that, when the proposed annual rental of any tenancy exceeds 100 rupees *per annum*, a final appeal shall, in all such cases, lie to the Board of Revenue.

Incorporation of Settlement Rent roll in record-of-rights.

77. As soon as the Settlement Rent-roll has been sanctioned by the Confirming Authority, it shall be incorporated in the record-of-rights by the entry of the fair rents settled in a column of the khatian to be set apart for that purpose.

Rules 65 to 77 to apply to a settlement of rents under section 112 of the Bengal Tenancy Act.

79. When all objections under section 103A have been disposed of, as provided for in rule 63 above, and, in cases in which a settlement of revenue is being, or is about to be, made, the settlement Rent-roll has been incorporated in the record-of-rights, as provided in rule 77, and the Revenue-officer has corrected the draft record in accordance with the orders passed by him on such objections or in the course of the preparation of the Settlement Rent-roll, he shall finally frame the record and cause it to be published by notifying, in the form shown in Form 17 in Schedule I, that its contents will be read out in the village, or, when the village is uninhabited, in the village in which most of the cultivators of the uninhabited village reside, on a date to be

2. Intending competitors must make applications for the sections and classes they wish to enter for on the form provided for the purpose, which will be supplied on application to the Secretary, Central Provinces and Berar Exhibition, Nagpur.

Such applications must reach him before the 1st of October. Every competitor will be required to fix up his own loom, and as far as possible indigenous handlooms will be located in a shed with an earthen floor to facilitate erection of the framework that may be necessary.

3. Shelter from rain over a space of 17' x 6' will be provided for each loom. Each competitor will be allowed to fix his own warp, supplied in the manner provided by these rules, in the loom beforehand, and to weave a length not exceeding two yards before the competition commences. At the end of each interval of work, the length woven during that interval will be marked off by a thin band of red.

Competitors must supply their own pirns and have a sufficient supply for the competition.

All competitors must use warps provided by the Committee. Warps for looms that have beam attachment will be supplied wound on beams that must be provided by the competitors. Warps for other looms will be sent sized in hanks, and competitors must set them up themselves.

The warps will be prepared in uniform style with 30 per cent. sizing by the Empress Mills, Nagpur. Competitors must inform the Secretaries of the counts and numbers of ends required (any of those prescribed below will be available) and prepay the price, which will be as noted against each:—

Sizing, and sizing and warping.

Yarn as per market price which may be ascertained on enquiry.

Yarn in hanks for pirns can be supplied on the same conditions. Yarn and warps for the competition can be obtained on application between 1st and 15th November. Yarn and warps for trial purposes may be obtained on application to the Secretary.

The competition will be under the following heads:—

There will be three classes of looms—(a) not exceeding Rs. 50 in selling price, (b) not exceeding Rs. 125, (c) exceeding Rs. 125. In case of any dispute as to the selling price the Committee's opinion will be final.

Special Prize.

(a) A special prize of Rs. 500 will be placed at the disposal of the judges to be awarded to the best loom entered for any of the competitions, provided that such loom is well suited to the requirements of Native hand-weavers and is capable of doing satisfactory work on both fine and coarse counts. The judges will be required to satisfy themselves that the initial cost of the loom is reasonable, that it is not likely to get out of order, that it can be easily repaired, that with but slight modifications it is capable of being worked on both fine and coarse counts, that it requires no uncommon dexterity to obtain good results from it, and generally that its adoption by the weaving community would enable them largely to increase their output.

A second special prize will be awarded to the loom that best fulfils the above conditions in respect of the coarse counts.

(b) Additional prizes will be given at the discretion of the Committee for looms or weaving accessories not specially contemplated in the above conditions, provided that they are worked during the Exhibition.

General.

Any number of looms of the same make may be entered for any competition, but only one prize will be awarded in each competition, to one particular make of the loom. Special weavers' prizes of Rs. 25 each will be awarded to the weavers themselves. Three such prizes will be awarded in each competition by the judges, who will only take into account the skill and dexterity of the weaver independently of the merits of the loom.

Intending competitors should send their looms so as to reach the Secretaries to the Exhibition Committee before the 1st November 1908. They should send in their entries from 1st to 15th October in the form attached.

The workmen should report themselves to the Secretaries at least two days before the date of the competition.

The exhibitors will have to make their own arrangements, at their own cost, for setting up their looms.

Competitors entering a number of looms will, as far as space permits, be allowed to make arrangements for winding pirns on the premises.

Looms may be worked as a practical exhibit or kept on view during the whole of the Exhibition in the shed where the competition will be held.

Arrangements will be made to bring in parties of weavers to see the looms from the most important weaving centres of the Provinces.

No. 1386T.G.—The 26th September 1908.—The following resolution of the Government of India is republished for general information:—

H. C. STREATFIELD,
Offg. Secy. to the Govt. of Bengal.

No. 8627—8663-6, dated Simla, the 16th September 1908.

RESOLUTION—By the Govt. of India, Dept. of Commerce and Industry.

In a letter No. 152-154, dated the 7th January 1908, the opinion of Chambers of Commerce and Trades Associations was invited on a proposal, which had been made by the Director-General of the Post Office of India, that the maximum limit of weight of inland parcels, which may be conveyed by post, should be reduced from 2,000 tolas (25 seers) to 800 tolas (10 seers). In support of this proposal it was urged that, in view of the facilities which were now available to the public for the transmission of heavy parcels by railway, it was no longer necessary to despatch parcels exceeding ten seers in weight by post. Such parcels were a source of considerable inconvenience to the Post Office—especially in cases where steamer or tonga services or “bhanga runners” had to be employed for the purpose. Moreover, it appeared from the statistics which had been collected that heavy parcels were sent through the Post Office only to a very limited extent. Figures supplied by the Director-General showed that only about 1,700 parcels of more than ten seers in weight were received from the public for conveyance by post in 1906-07.

2. When the replies of the various Chambers of Commerce and Trades Associations were received, it was found that the majority of these bodies were generally in favour of the proposal. Some objections to the withdrawal of what was alleged to be a facility to trade were, however, put forward. The principal objections raised were as follows:—

- (a) that in 1907 a considerable increase was believed to have occurred in the number of heavier parcels carried over the number conveyed in the previous year;
- (b) that the withdrawal of the concession would cause inconvenience to members of the public who live off the railway.

3. The Director-General of the Post Office was instructed to examine the statistics of the parcel traffic of 1907-08. The examination made has shown that the total number of private parcels exceeding 800 tolas in weight posted during that year was 1,128, as compared with 1,700 posted in the preceding year, and of these only one-half had to be conveyed from the office of posting to the office of destination over runner and tonga lines. It is clear,

therefore, that not only has the traffic in heavy parcels not increased, but that it has actually diminished by about a third in one year. No serious inconvenience to the public can, therefore, be apprehended, and it may be added that a large proportion of the heavy parcels actually sent could no doubt be made up into a larger number of lighter parcels, which would not exceed in weight the proposed limit of 800 tolas.

4. The Government of India have accordingly decided that from the 1st October 1908 the limit of weight of private inland parcels carried by the post should be reduced to 800 tolas. From the same date the limit of weight of official parcels will be raised from 600 to 800 tolas, so that the limits may be uniform.

ORDER.—Ordered that this Resolution be published in the *Gazette of India*.

ORDERED, also, that the Resolution be communicated to all Departments of the Government of India, to all Local Governments and Administrations, to all Heads of Departments subordinate to this Department, the Secretary to the Railway Board and the Examiner of Telegraph Accounts.

Notices of Exemption.

1. Any rules of the High Court of Justice in England, made under the provisions of "The Mail Ships Acts, 1891 and 1902" (hereinafter referred to as "the Acts"), shall be transmitted by a Secretary of State to the Government of every Possession to which the Acts are applied for the purpose of a Convention, and shall be published by such Government in the Gazette of the Possession, and also in such local official Gazettes, published in the Possession as the Government of the Possession may prescribe.

2. A copy of every notice and list published by the Board of Trade under the Acts, or under any rules of Court made under the Acts, shall be transmitted by a Secretary of State to the Government of every Possession to which the Acts are applied for the purpose of a particular Convention.

3. 5. An action may be commenced against the owners of an exempted mail ship in the like cases, in the same manner and subject to the same rules as an Admiralty action *in rem*, and in any Colonial Court of Admiralty having jurisdiction in the Possession in which such an action might have been brought if the ship were not an exempted mail ship.

6. Any order of a Court having jurisdiction in a British Possession directing any security to be applied shall recite the name of the Court and of the action or proceeding, the cause of action, and the judgment debt, and shall comprise a certificate by the Judge of the Court that the ship in respect of which the Judgment is given is an exempted mail ship, and might but for such exemption have been arrested and sold in execution thereof, and that the Judgment debt is still unsatisfied, and is payable out of the security lodged in or under the control of the High Court of Justice in England in respect of the ship.

10. Unless the High Court shall otherwise order, and subject to existing rights of priority of liens, orders for the application of any security shall be paid in the order in which they are received by the Admiralty Registrar; but where two or more orders are received at the same time, they shall be paid in the order of their respective dates.

11. Where the order requires payment to a named agent of the execution creditor in London, the money shall be payable at the rates of exchange current on the day on which the order is received by the Secretary of State.

12. If the order requires payment to be made to a named officer of the Court from which the order issues, such an amount shall be paid out by the Paymaster-General, to a person nominated by the Secretary of State, as will at the rates of exchange current on the day on which the order is received by the Secretary of State be necessary to purchase a draft for the amount of the order payable at sight in the Possession, and such draft shall be in favour of the said named officer of the said Court.

13. Where any action or proceeding against the owners of an exempted mail ship is pending in a Court having jurisdiction in a British Possession, involving a claim against the security lodged in the High Court in England, the Court in the British Possession shall transmit to the Admiralty Registrar notice of the pendency of such action or proceeding, stating the nature and amount of the claim and the proceedings taken in regard thereto; and in case of the subsequent discontinuance or other conclusion of such action or proceeding, whereby the security ceases to be affected, the Court shall transmit notice of such discontinuance or conclusion. Parcels.

The Director-General shall, from time to time, declare in the *Indian Postal Guide* the countries and places to which parcels may be transmitted by the Foreign post, and the rates of postage chargeable in each case.

In the case of Ceylon the Indian inland rates of postage shall be applicable, provided that payment of postage, and registration, shall be compulsory.

4. The following are declared to be the rates of postage chargeable on the delivery of postal articles, other than parcels received by the Foreign post where the postage is not prepaid or is insufficiently prepaid :—

When the postage is not prepaid	Double the prepaid rate.
When the postage is insufficiently prepaid	Double the deficiency.

PART II.—MAIN CONDITIONS OF TRANSMISSION BY POST OF POSTAL ARTICLES.

I.—INLAND POSTAL ARTICLES.

(a) *Postcards.*

5. Single and reply cards of private manufacture, with or without adhesive postage stamps affixed thereto in payment of postage, may be transmitted by post as postcards :

Provided that—

- (a) as regards size they are not more than $5\frac{1}{2}$ by $3\frac{1}{2}$ inches or less than $4\frac{1}{4}$ by 3 inches, and
- (b) regards substance, they are neither thinner nor more flexible than the inland postcards issued by the Post Office.

6. All reply postcards of private manufacture shall display the title "Postcard" on the address-side, but this title is not obligatory for single cards of private manufacture. Reply-halves of reply-paid cards shall bear the words "Postcard" and "Reply." Whatever is printed on the address-side of the inland or international official postcards issued by the Post Office is also permissible on the address-side of cards of private manufacture.

(a) A postcard shall not be folded, cut, or otherwise altered, except, that the impressed postage stamp (if any) may be perforated with initials; nor may a postcard be enclosed in a cover of any kind.

(b) The right-hand half of the address-side of a postcard is in all cases reserved for the address of the recipient, for the postage stamp necessary for prepayment, which should,

so far as possible, be affixed in the upper right-hand corner, and for postal directions (such as "Registered," "Acknowledgment due," "Stamped," "Local," etc.), but the left-hand half of the address-side, as well as the back, may be used by the sender for the purpose of a written communication or may be otherwise disposed of, subject to the restrictions mentioned in sub-rule (2) of this rule.

NOTE.—A small space marked off by fine lines or minute dots to indicate the place where the postage stamp should be affixed is allowed on the upper right-hand corner of the address-side of postcards.

(2) Nothing shall be attached to a postcard except—

- (a) stamps in payment of postage or stamp duty;
- (b) a gummed label [not to exceed 2 inches (in length) and $\frac{3}{4}$ inch (in width)], bearing the name and address of the person to whom the card is sent;
- (c) a similar label, bearing the name and address of the sender of the card; and
- (d) engravings, illustrations, drawings, and photographs on very thin paper and completely adherent to the card.

The articles specified in paragraphs (c) and (d) may be affixed either to the back or the left-hand half of the address-side.

(3) The reply-halves of reply-paid cards cannot be registered by the original senders of such cards.

7. Should any of the conditions imposed by rules 5 and 6 be infringed, the postcard shall be treated as a letter.

(b) *Book packets.*

8. A book packet may contain any of the following articles:—

- (a) newspapers and publications of all kinds; books whether blank or printed; engraving; photographs, drawings, plans, maps, printed music and proof sheets with or without the manuscript relating thereto; blank paper parchment or card-board; and generally, anything on paper, parchment or card-board which is printed, engraved, lithographed, papyrographed or produced by any other mechanical process easy to recognise, except the copying press and the type-writer:

Provided that no card bearing the heading "Postcard" shall be allowed to be transmitted open by post as a book packet;

- (b) business papers, written or drawn wholly or partly by hand, not being of the nature of a letter or having the character of a personal communication, such as deeds, bills of lading, invoices, accounts, proposals and policies of assurance, powers-of-attorney, licenses, statistical returns submitted by or to public officers in their official capacities and manuscript of all kinds, including manuscript music not being of the nature of personal correspondence;
- (c) written letters of old date which have previously passed through the post and served their original purpose;
- (d) reproductions of a manuscript or type-written original obtained by mechanical process of polygraphy (chromography, mimeography, etc.) provided they are handed in at the post office counter and number at least 20 copies precisely identical;
- (e) circulars, *i.e.*, printed notices and printed letters, provided they contain nothing in writing except (a) corrections of press errors, (b) the date of despatch and the name and address and description of the sender, and the name of addressee, and (c) the place, date, and hour, when the circular is a notice of meeting, or appointment, and in the case of a notice of meeting the objects of the meeting.

(2) With any of the abovementioned articles may be sent anything that is necessary for their safe transmission through the post, such as rollers, etc., and with any of the articles mentioned in clause (a) may be sent any legitimate binding, mounting, or covering, loose or attached, and anything that ordinarily appertains to such articles, as pens and pencils in the case of a pocket-book, photographs in the case of a photograph-book, and card-plates in the case of visiting-cards.

(3) Manuscript for the press shall not be reckoned as having the character of personal correspondence within the meaning of clause (b) and may be sent as a book packet.

9. No communication of the nature of a letter, or having the character of a personal communication, shall be enclosed with, or written upon, the contents of a book packet:

Provided that nothing in this rule shall be held to prohibit inscriptions or entries stating who the sender is or to whom the articles are to be given, or to prohibit purely complimentary greetings from being entered in writing or otherwise, on Christmas, New Year and Birthday cards and similar articles.

10. A book packet shall not contain "paper-money," which for the purposes of this rule includes unobliterated postage or other stamps, currency notes, hundies, cheques, bank-notes, bankpost bills, bills of exchange and all orders or authorities for the payment of money.

Explanation.—This rule shall not apply to a book packet containing a stamped and addressed envelope, postcard, or wrapper forwarded by the sender of the packet in order that such envelope, card, or wrapper may be returned through the post to the sender or sent to some other person designated by him.

11. The dimensions of a book packet, which may be of any shape, shall not exceed two feet in length by one foot in width and one foot in depth. When, however, the packet is in the form of a roll, the length shall not exceed thirty inches:

Provided that, if the length exceeds twenty-four inches (two feet) the diameter shall not exceed four inches.

12. A book packet shall be posted without a cover, or with a cover entirely open at both ends, or in an unfastened envelope or in a cover which can be easily removed, so as to admit of a ready examination of the contents. The ends of the packet, however, may be tied with string.

Illustration.—A closed envelope notched at the sides or ends does not admit of a ready examination of its contents and does not, therefore, fulfil the conditions prescribed by this rule.

13. If a book packet is found to contain anything not permitted by the rules, or to be in excess of the prescribed size, or to be packed in a manner not in accordance with the rules, it shall be charged on delivery with letter or parcel postage, whichever may be less. Any postage stamps that may be affixed to it shall, however, be recognised in assessing the charge.

(c) *Pattern packets.*

14. A pattern packet may contain *bond fide* trade patterns or samples of merchandise not having any saleable value, together with, or without, any matter which may be sent as a book packet. There shall be no writing upon or in a pattern packet, except the name and address of the sender, the name and address of the person for whom it is intended, a trade mark, numbers, prices, and indications as to the weight, size or quantity to be disposed of.

(2) Objects of natural history, dried or preserved animals and plants, geological specimens and other similar objects shall also be admitted to transmission by post at the rates of postage for pattern packets, provided that they are not sent for a commercial purpose, and that they are packed in the manner prescribed for pattern packets generally.

15. The dimensions of a pattern packet shall not exceed two feet in length by one foot in width and one foot in depth; and the weight shall not exceed eighty tolas.

16. A pattern packet shall be posted without a cover, or with a cover open at both ends, or in an unfastened envelope or other cover which can be easily removed so as to admit of a ready examination of the contents.

(2) Samples of seeds, drugs and other articles which cannot be sent in unfastened or removable envelopes may be sent enclosed in boxes or bags, provided that they are fastened in such a way that they can be easily opened: they may also be sent in air-tight cases when necessary, provided that the nature of the contents is certified on the cover under the full signature and address of the sender.

(3) Articles of glass shall be securely packed (in boxes of metal, wood, leather or card-board) in such a way as to prevent all risk of injury to the mails or to the officers of the Post Office.

(4) Liquids, oils and fatty substances easily liquefied shall be enclosed in glass bottles hermetically sealed. Each bottle shall be placed in a wooden box furnished with saw-dust, cotton, or some spongy material in sufficient quantity to absorb the liquid in case the bottle be broken. Finally, the box itself shall be enclosed in a case of metal, or of wood with a screw top, or of a strong and thick leather.

Explanation.—When use is made of perforated wooden blocks of the thickness of at least $\frac{1}{10}$ th of an inch in the weakest part, with a sufficient quantity of absorbent material inside and provided with a cover, the blocks need not be enclosed in a second case.

(5) Fatty substances which are not easily liquefied, such as ointments, soft soaps, resins, etc., shall be enclosed in an inner cover (box, bag of linen or parchment, etc.), which shall itself be placed in a second box of wood, metal or strong and thick leather.

(6) Dry powders, whether dyes or not, shall be placed in card-board boxes, which themselves shall be enclosed in a bag of linen or parchment.

(7) Live bees shall be enclosed in boxes so constructed as to prevent all danger and to allow the contents to be ascertained.

17. If a pattern packet is found to contain anything not permitted by the rules, or to be in excess of the prescribed size or weight, or to be packed in a manner not in accordance with the rules, it shall be charged on delivery with letter or parcel postage, whichever may be less. Any postage stamps that may be affixed to it shall, however, be recognised in assessing the charge.

(2) If a packet containing samples of any of the articles mentioned in clauses (3) to (7) of rule 16 is not packed in the manner prescribed therein it shall not be forwarded.

(d) *Registered newspapers.*

18. Newspapers as defined in section 9 of the Indian Post Office Act, 1898 (hereinafter referred to as "the Act"), shall be transmitted by post as registered newspapers, provided that they are posted in accordance with the following conditions:—

(a) The newspaper shall be registered in the office of the Postmaster-General, or officer exercising the powers of the Postmaster-General, of the postal circle in which it is published. Such registration shall cease to have effect at the close of the calendar year following that in which it was effected, and must be renewed if a continuance of the privilege conferred by the system beyond that time is desired.

- (b) The postage shall be prepaid by postage stamps.
 - (c) The newspapers shall bear in print immediately above the address the word "Registered" followed by the registration-number which shall be assigned to it by the Postmaster-General, or other officer referred to in condition (a).
 - (d) The newspaper shall be posted at the place of publication by the proprietor, manager, or publisher.
 - (e) The newspaper shall be posted without a cover or in a short cover open at the ends.
 - (f) There shall be no word printed on the newspaper after its publication or upon the cover (if any) thereof, nor shall any writing or mark be made upon it or upon the cover (if any) thereof, except the name and address of the person to whom it is sent, and, if desired, the name and address of the newspaper, or of the sender.
 - (g) There shall be no paper or thing enclosed in or with any such newspaper other than an extra or supplement as specified in section 9 of the Act.
- (2) Nothing in this rule shall be held to prevent newspapers being transmitted by post, either singly or otherwise, at the rates, and under the condition prescribed for book packets.

(c) *Parcels.*

19. A parcel may contain one (but shall not contain more than one) written communication of the nature of a letter, or having the character of a personal communication :

Provided that the communication shall be addressed only to the addressee of the parcel itself.

20. A parcel shall not exceed 440 tolas in weight, unless it is registered, in which case the weight shall not exceed 25 seers (2,000 tolas). A parcel shall not be of a kind which, owing to size, shape, manner of packing, or any other cause, cannot be carried by post without serious inconvenience or risk.

21. A parcel shall be packed and enclosed in a reasonably strong case, wrapper, or cover, fastened in a manner calculated to preserve the contents from loss or damage in the post, to prevent any tampering therewith, and to protect other postal articles from being damaged in any way thereby.

(2) Liquids and substances which liquefy easily shall be despatched in a double receptacle. Between the first receptacle (bottle, flask, pot, box, etc.) and the second (which shall be a box of metal or of strong wood) some space shall be left to be filled with saw-dust, bran, or some other absorbing material.

(3) Live bees shall be enclosed in suitable cases and so packed as to prevent all risk of injury to other postal articles in course of transmission by post or to officers of the Post Office.

22. Human and other viscera may be transmitted by post to Chemical Examiners for analysis subject to the following conditions :—

- (a) The suspected *viscus* or other material to be sent for examination shall be enclosed in a glass bottle or jar, fitted with a stopper or sound cork.
- (b) Great care shall be taken that the stopper or cork of the bottle fits tightly. This precaution is specially necessary when alcohol is used as a preservative; in such cases a ring of bee's wax or candle-wax shall be placed round the lip of the bottle so as to cover the shoulder of the stopper. The stopper shall be carefully fastened down with bladder or leather and sealed.
- (c) The glass bottle or jar shall then be placed in a strong wooden or tin box, which shall be large enough to allow of a layer of raw cotton, at least three-fourths of an inch thick, being placed between the bottle or jar and the box.
- (d) The box itself shall be encased in cloth, which shall be securely closed and sealed. The seals shall be at intervals not exceeding three inches along each seam. All the seals shall be of the same kind of wax and shall bear distinct impressions of the same device. The device shall not be that of a current coin or merely a series of straight, curved or crossed lines.

23. Cultures or other articles known or believed to contain the living germs of plague may be transmitted by the inland post subject to the following conditions :—

- (a) Such cultures or other articles aforesaid shall not be accepted for transmission unless they are sent by a Commissioned Medical Officer, a Military Assistant Surgeon or a Medical Practitioner in possession of a qualification not lower than of L.M.S. of the University of Calcutta, the Punjab, Madras or Bombay, or by a person specially permitted by the Governor-General in Council or a Local Government to send such cultures or other articles; nor unless they are consigned to a Government Laboratory, or to a person specially permitted by the Governor-General in Council, or a Local Government, to receive such cultures or other articles.
- (b) The cultures or other articles aforesaid shall be securely packed in a hermetically closed tin of adequate strength which shall be placed in a strong outer box of wood or tin with a layer of at least three-quarters of an inch of raw cotton-wool between the inner and outer case.

- (c) The outer case shall be enclosed in a stout cloth, which shall be securely fastened and sealed and labelled with such distinguishing inscription as will suffice to make immediately manifest the nature of the contents.
- (d) The sender shall present the parcel at the post office accompanied by a declaration as to the nature of its contents, and a certificate signed by himself to the effect that he has advised the addressee of its despatch, and that such addressee, if the parcel should not be addressed to a Government Laboratory, has been specially permitted by the Governor-General in Council, or a Local Government, to receive such cultures or other articles. The certificate, moreover, shall show on its face that the sender is a person, authorised within the meaning of clause (a) of this rule to send such cultures or other articles.
- (2) No parcel other than those referred to in the above rule shall be accepted for transmission by post, when tendered at a post office within a plague-infected area, unless it bears upon its cover or upon a label to be attached to the parcel a declaration, signed by the sender of the parcel, to the following effect:—
- “This parcel does not contain any soiled linen, rags or waste paper.”
24. The postage on a parcel shall be fully prepaid by means of postage stamps which shall be affixed either to the cover of the parcel or to an official label which can be obtained free at the post office. In either case, the sender or his messenger shall affix the stamps himself, postal officials being strictly forbidden to affix them.
25. Every parcel intended for transmission by post shall be presented at the window of the Post Office. Any parcel found in a letter-box shall be treated and charged as a registered parcel.
- (2) If a parcel containing any of the articles mentioned in clauses (2) and (3) of rule 21 is not packed in the manner prescribed therein, it shall not be forwarded.

(f) *Re-direction of postal articles.*

26. A postal article re-directed to any place served by the Inland post by an officer of the Post Office or by an agent of the addressee after its delivery shall be transmitted by post free of charge in respect of such further transmission:—

Provided that—

- (a) in the case of an unregistered article re-directed by an agent of the addressee,—the article has not been opened and has been either returned to the postman or re-posted at the place of delivery; and
- (b) in the case of a registered article re-directed by an agent of the addressee,—the article has not been opened and has been returned to the postman at the place of delivery with the receipt unsigned.

(2) Where a postal article is re-directed to any place under the first paragraph of this rule, the postmaster at such place may, if authorised by a general or special order in this behalf issued by the Postmaster-General require the addressee of the re-directed article to give, at the time of delivery, a receipt for such article.

27. A postal article re-posted after having been opened, or re-posted at any place other than the place at which it was delivered, shall be treated as a postal article posted for the first time, and charged with postage accordingly. A registered article of which delivery has been taken can be re-posted only under the conditions prescribed for the posting of registered articles for the first time, except that no fresh charge shall be made on account of postage if the article has not been opened.

II.—FOREIGN POSTAL ARTICLES.

28. The Director-General shall, from time to time, notify in the *Indian Postal Guide* the conditions in force for the transmission of postal articles by the Foreign post:

Provided that the rules relating to inland registered newspapers shall be deemed to apply in the case of newspapers sent to Ceylon.

29. Every postal parcel handed to the Post Office for transmission by the foreign post shall be presented at the post office with a declaration, in such form as may be from time to time prescribed by the Director-General, containing a statement signed by the sender as to the nature of its contents and their value.

of such failure or refusal, the postal article has not been delivered to the addressee or his agent, the portion article shall be disposed of in the following manner:—

The officer in charge of the post office at which the postal article has been received for delivery, shall record a statement, in such form as the Director-General shall prescribe, setting forth the action taken by him under provisions of section 27 of the Act, and the fact of such failure or refusal as aforesaid on the part of the addressee or his agent; and shall forward the statement, together with the postal article, through the usual channel, to the Director-General.

The Director-General shall then, in due course, transmit the statement, together with the postal article, to the Postal Administration of the place beyond the limits of British India from which the article was received.

PART III.—REGISTRATION OF POSTAL ARTICLES.

I.—INLAND POSTAL ARTICLES

31. Letters, postcards, book and pattern packets and parcels may be registered at any post office for transmission by post to any other post office.

- (f) Any article bearing the word “registered” or any other word, phrase, or mark to the like effect.
- (g) Any registered article which is re-posted after having been delivered.

Exception—Nothing in this rule shall be held to render registration of a packet compulsory only by reason that it contains a stamped envelope, postcard, or wrapper as provided by the explanation to rule 10.

(2) Twice the fee for registration shall be levied on the delivery of any postal article required under this rule to be registered on which the fee for registration has not been prepaid.

II.—FOREIGN POSTAL ARTICLES.

registered article addressed to Ceylon or Portuguese India, and of two annas in the case of a registered article addressed to any other such country.

(2) When the sender of a registered article addressed to any country belonging to the Universal Postal Union has not paid the fee for an acknowledgment of its delivery and desires to have an enquiry made by the Post Office regarding the disposal of the article he shall be entitled to this service on payment of the same fee as that chargeable for an acknowledgment of delivery.

PART IV.—INSURANCE OF POSTAL ARTICLES.

J.—INLAND POSTAL ARTICLES.

45. Registered letters, value-payable registered letters and registered parcels may be insured up to the value of Rs. 500 at such branch post offices, and up to the value of Rs. 2,000 at such other post offices, as may be authorized by the Director-General to accept articles for insurance:

Provided that in no case such value exceed the real value of the contents of the article insured.

46. Insurance shall be of two kinds, complete and partial. Complete insurance shall cover all risks in course of transmission by post. Partial insurance shall cover all risks in course of transmission by post in British territory and all risks, except those arising out of highway robbery, in course of transmission by post in such Native State territory as may be specified in this behalf by the Director-General in the *Indian Postal Guide*.

47. In addition to the postage and the fee for registration, the following further fees shall be charged for insurance:—

	Anna.
Where the value insured does not exceed Rs. 50	1
For every additional Rs. 50 or fraction thereof	1

The further fees in the case of partially insured articles shall be charged at only half the above rates.

48. The prepayment of all charges on insured articles, namely, postage, registration fees and insurance fees shall be compulsory. Payment in all cases shall be made by means of postage stamps affixed to the articles.

49. The cover of a letter intended for insurance shall be of strong paper or other substantial material, securely closed and sealed at intervals not exceeding two inches along each fold or seam. A parcel intended for insurance shall be securely packed and enclosed in an outer covering of cloth, canvas or other substantial material, sealed at intervals not exceeding three inches along each line of sewing or join. All the seals affixed to an insured article shall be of the same kind of wax and shall bear distinct impressions of the same device. The device shall not be that of a current coin or merely a series of straight, curved or crossed lines.

50. The minimum size for an insured parcel shall be 12 cubic inches.

51. An article intended for insurance shall be presented at the window of the post office with the amount for which the sender wishes it to be insured, clearly written, in words and figures, on the cover. The name and address of the sender shall also be written on the cover in the lower left-hand corner, or on a separate slip of paper, to be presented with the article, should there be no room for his name and address on the cover.

52. A receipt shall be given to the person who presents an article for insurance at the post office window during the hours prescribed for posting insured articles.

53. The sender of an insured article shall be entitled to obtain free of charge an acknowledgment of its delivery signed by the addressee.

54. There shall be payable to the sender of an insured postal article compensation not exceeding the amount for which the article has been insured, for the loss of the postal article or its contents or for any damage caused to it in course of transmission by post:

Provided that the compensation shall in no case exceed the value of the article lost or the amount of the damage caused, and provided that in the case of loss the sender shall furnish full particulars of the contents of the postal article and their value:

Provided, also, that no compensation shall be payable—

- (a) where there has been misdelivery arising out of incorrectness or incompleteness of the address written by the sender;
- (b) where there has been fraud on the part of the sender or addressee;
- (c) where the insured article has been delivered to the addressee and he has signed and returned the receipt therefor;
- (d) where the sender has not given intimation of the loss within three months from the date of posting;
- (e) where the loss or damage was due to improper or insecure packing;
- (f) where there is no visible damage to the cover or seals; or,
- (g) in the case of partially insured articles, where the loss or damage was caused by highway robbery during the transit in respect of which the insurance is partial only.

55. Compensation shall be payable one month after the date on which intimation of loss is given by the sender to the Post Office, except in cases in which the Postmaster-General may consider that the circumstances demand the withholding of payment pending inquiry. When compensation has been paid for the loss of a postal article or its contents, the Post Office shall be entitled to retain, and dispose of, such postal article or its contents should they be subsequently recovered, and the compensation paid not be refunded on demand being made.

56. Coin, bullion, precious stones, jewellery and articles of gold or silver may be sent by post only in insured registered letters or insured parcels. If a letter or parcel presented at the post office window is found to contain any such object of value, it shall not be accepted for transmission by post, unless the sender insures it; and if an uninsured article manifestly containing any such object of value is found in course of transmission by post, it shall be either intercepted and returned to the sender or forwarded to destination and delivered to the addressee subject to the payment of a fee of one rupee. The payment of this fee shall not impose any liability on the Government.

Explanation—In this rule, the expression "articles of gold or silver" includes articles made wholly or partly of gold or silver, but not electro or other plated goods.

II.—FOREIGN PARCELS.

57. The Director-General shall, from time to time, notify in the *Indian Postal Guide* the countries and places for transmission to which foreign registered letters and foreign parcels may be insured, and the limit up to which such letters or parcel may be insured in each case:

Provided that in no case shall such value exceed the real value of the contents of the letter or parcel insured.

58. In addition to the postage and (in the case of letters) the registration fee, the following further fees shall be charged for insurance:—

(a) For insurance to Ceylon and Portuguese India—

	Annas.
Where the value insured does not exceed Rs. 100	2
For every additional Rs. 100 or fraction thereof	2

(b) For insurance of letters and parcels to Mauritius, and of parcels to the British East Africa Protectorate, or Zanzibar—

	Annas.
Where the value insured does not exceed Rs. 100	4
For every additional Rs. 100 or fraction thereof	4

(c) For insurance to the United Kingdom and to British Possessions and foreign countries other than those mentioned above—

	Annas.
Where the value insured does not exceed £5	3
For every additional £5 or fraction thereof	3

59. The prepayment of all charges on insured foreign registered letters and parcels shall be compulsory. Payment in all cases shall be made by means of postage stamps affixed to the letters or parcels. The stamps must be placed apart from one another, so that they may not serve to conceal injuries to the cover of the letter or parcel. No label of any kind shall be affixed by the sender to the cover of a letter intended for insurance.

60. The cover of a foreign letter intended for insurance shall be of strong paper or other substantial material, securely closed and sealed with fine wax in such a way that the letter cannot be opened without either breaking the seals or leaving obvious traces of violation. The seals shall be placed along each fold or seam of the cover at intervals not exceeding two inches, and if the letter is tied round with string or tape, a seal shall be placed on the ends where they are tied. An insured foreign letter shall not be closed in a cover having black or coloured borders.

(2) A foreign parcel intended for insurance shall be packed securely and substantially, with due regard to the nature of the contents and the length of the journey, in an outer covering of cloth, canvas or other substantial material and shall bear seals of wax or lead at intervals not exceeding three inches along each line of sewing or join.

(3) All the seals affixed to an insured foreign letter or parcel shall be of the same kind of wax or lead and shall bear distinct impressions of the same private device. The device shall not be that of a current coin or merely a series of straight, curved or crossed lines.

61. A foreign letter or parcel intended for insurance shall be presented at the window of the post office with the amount for which the sender wishes it to be insured, clearly written, in words and figures, without erasure or correction on the cover and accompanied by such form or forms duly filled up as may be prescribed by the Director-General, from time to time, in the *Indian Postal Guide*. The name and address of the addressee of a foreign letter or parcel intended for insurance shall be written in ink on the actual cover of the article.

62. A receipt shall be given to the person who presents a foreign letter or parcel for insurance at the window of the post office during the hours prescribed for posting insured foreign articles.

63. There shall be payable to the sender, or, in default or at the request of the sender to the addressee of a foreign letter or parcel which has been insured by the post office of India and posted in India, compensation not exceeding the amount for which the article has been insured, for the loss of the article or its contents or for any damage caused to it in course of transmission by post; and the sender shall, in case of loss, also be entitled to a refund of the expenses of transmission as well as of any fee that he may have paid for an enquiry as to the disposal of the article, but in no case to a refund of the insurance fee paid.

Provided that the compensation shall in no case exceed the value of the article lost or the amount of the damage caused:

Provided, also, that no compensation shall be payable—

- (a) where the loss or damage has been caused by the fault or negligence of the sender or arises from the nature of the article;
- (b) where the insurance has been fraudulently made for a sum above the real value of the contents, or there has been any other fraud on the part of the sender or addressee;

- (d) where the sender or addressee has not given intimation of the loss or damage within twelve months from the date of posting;
- (e) where the loss or damage was due to improper or insecure packing;
- (f) where there is no visible damage to the cover or seals; or
- (g) in cases beyond control (*e.g.*, tempest, shipwreck, earthquake, war, etc.).

(2) The Secretary of State for India in Council accepts no liability either to the sender or the addressee for any loss or damage in respect of any foreign letter or parcel which was not posted in India and insured by the Post office of India.

64. Where a foreign parcel contains coin, bullion, precious stones, jewellery, or articles of gold or silver, it shall not be accepted for transmission by post unless the sender wishes to insure it. If a foreign parcel containing any such object of value is addressed to a country or place to which insurance is not available, the parcel shall be insured for its inland transit within the limits of British India, and in such cases the fee charged for insurance shall be calculated as follows:—

(a) *When the value is expressed in rupees currency—*

			Anna.
Where the value insured does not exceed Rs. 50	1
For every additional Rs. 50 or fraction thereof	1

(b) *When the value is expressed in sterling—*

			Anna.
Where the value insured does not exceed £3	1
For every additional £3 or fraction thereof	1

(2) If an uninsured foreign parcel, declared to contain or manifestly containing any of the objects of value specified above, is received from a country with which, as notified by the Director-General in the *Indian Postal Guide*, insured parcels can be exchanged, the parcel shall either be intercepted and returned to the sender or forwarded to destination and delivered to the addressee, subject to the payment of a fee of one rupee. The payment of this fee shall not impose any liability on the Secretary of State for India in Council.

Explanation.—In this rule the expression “articles of gold or silver” includes articles made wholly or partly of gold or silver, but not electro or other plated goods.

65. Where an insured foreign letter which has been re-directed, or an insured foreign parcel which has been re-directed or returned as undeliverable, is received in India subject to a fresh insurance fee by reason of its having been so re-directed or returned, such fee shall be recoverable on delivery as if it were postage due under the Act.

PART V.—VALUE-PAYABLE POST.

I.—VALUE-PAYABLE POSTAL ARTICLES.

66. Registered and unregistered parcels, registered letters, registered book packets, newspapers prepaid at newspaper rates of postage and fully prepaid unregistered book packets, may be transmitted by the inland post as value-payable postal articles, provided that the amount specified for remittance to the sender in the case of any such postal article shall not exceed Rs. 1,000, and shall not contain a fraction of an anna except in the case of postal articles sent by, or addressed to, any department of the Government or a District, Local, or Municipal Board, and provided that such parcels, letters, and packets do not contain coupons, tickets, certificates or introductions designed for the sale of goods on what is known as the “snowball system.”

Explanation.—The words “any department of the Government” include any official department of the Government of a Native State, the posts of which have been amalgamated with the Imperial post.

67. Postal articles as aforesaid, with the exceptions noted below, may be transmitted by post to Ceylon, Portuguese India and the Somaliland Protectorate as value-payable postal articles, provided that the amount specified for remittance to the sender in respect of any such postal article shall not exceed Rs. 600 and shall not contain a fraction of an anna, and provided that such parcels, letters and packets do not contain coupons, tickets, certificates or introductions designed for the sale of goods on what is known as the "snowball system."

Exceptions.

Ceylon.—Unregistered parcels.

Portuguese India and the Somaliland Protectorate.—Unregistered parcels, unregistered book packets, and newspapers prepaid at the newspaper rates of postage.

68. No such postal article as aforesaid shall be accepted at any post office for transmission by post as a value-payable postal article unless the sender declares that it is sent in execution of a *bonâ fide* order received by him. At any post office notified from time to time in this behalf by the Director-General of the Post Office, the sender shall, in addition, be required to declare that the article is one the transmission of which by post as a value-payable postal article is permitted. No postal article as aforesaid shall be accepted at these offices without such further declaration.

Explanation.—An article may be sent by the value-payable post even though it possesses no intrinsic value. Thus legal documents, bonds, policies of insurance, promissory notes, railway goods and parcel receipts, bills of lading or ordinary bills for collection may be sent as value-payable postal articles. In the case of a railway receipt or bill of lading sent as a value payable postal article, it will be sufficient for the purposes of this rule if the article to which the railway receipt or bill of lading relates has been sent in execution of a *bonâ fide* order. In the case of the other documents specified the document must be sent in execution of a *bonâ fide* order to send the document itself.

69. Every postal article intended to be transmitted by post as a value-payable postal article shall be presented at the post office with a printed form, prescribed by the Director-General and obtainable at the post office, in which the sender shall specify the sum to be remitted to himself, fill in the required entries, and sign the declaration required by rule 68. If the article is an unregistered parcel, unregistered book packet, or newspaper prepaid at newspaper rates of postage, a fee calculated according to the schedule below on the amount specified for remittance to the sender shall be prepaid by the sender by affixing postage stamps of the value of the fee to the article itself. The sender of a postal article intended to be transmitted by post as value-payable shall write clearly on the face of the article itself—

- (a) in the upper left-hand corner—the letters "V.P." followed by an entry, in figures and words, of the amount for remittance to himself, and
- (b) in the lower left-hand corner—his own name and full address.

70. The amount to be recovered from the addressee shall be the sum specified by the sender for remittance to himself *plus*, in the case of registered parcels, registered letters, and registered book packets, a fee calculated as in rule 69. When this amount is recovered from the addressee, the sum for payment to the sender shall be remitted to him by means of a money order. If the addressee of a value-payable article refuses or omits to take delivery of it, the article shall be returned to the sender, who will be required to pay any charges that may be due on it, and to acknowledge receipt of the article by signing the form presented by the postman. In no circumstances will the fee prepaid in stamps, in the case of a value-payable unregistered parcel, unregistered book packet, or newspaper be refunded.

71. The Government shall not incur any liability in respect of the sum specified for remittance to the sender in respect of a value-payable postal article unless and until that sum has been received from the addressee.

II.—TRANSMISSION BY POST OF RAILWAY RECEIPT-NOTES OPEN AS VALUE-PAYABLE ARTICLES.

72. A railway receipt-note for goods may be transmitted by post open as a value-payable postal article:

Provided that—

- (a) the goods to which the railway receipt-note relates, do not exceed Rs. 1,000 in value; and
- (b) the railway receipt-note shows on its face that the goods to which it relates, have been consigned to the sender himself, is endorsed to the person to whom the goods are to be delivered, and is signed by the sender.

73. The open railway receipt-note shall be presented at the post office with the printed form prescribed by the Director-General for registered value-payable postal articles, in which the sender shall specify the sum to be remitted to himself, fill in the required entries and sign the declaration that the article is sent in execution of a *bond fide* order received by him.

74. A fee of two annas shall be paid on each railway receipt-note presented for transmission by post open. The fee shall be paid in postage stamps, which shall be affixed by the sender to the receipt-note.

75. The post office will transmit the open railway receipt-note to the post office of destination, and will deliver it on payment of the amount recoverable to the person to whom it has been endorsed by the sender, in such manner as the Director-General may from time to time appoint for the delivery of registered value-payable postal articles.

76. The amount when recovered will be remitted to the sender in accordance with the rules for the time being in force relating to registered value-payable postal articles.

77. A railway receipt-note for goods may be transmitted by post open under the foregoing rules, without compliance with the conditions laid down in the second proviso to rule 72, if it—

- (a) relates to goods sent between stations on such railways as are for the time being specified in this behalf by the Director-General in the *Indian Postal Guide*; or
- (b) shows on its face that the goods so sent have been declared at the booking office as being sent under the value-payable system.

78. These rules apply also to receipt-notes for goods conveyed by steamer within the limits of British India.

79. Nothing in these rules shall be construed to prevent the transmission by post of receipt-notes under the rules for the time being in force relating to the value-payable post generally.

MARINE DEPARTMENT.

The 23rd October 1908.

No. 122 Marine.—In exercise of the power conferred by section 10 of Act I of 1859 (an Act for the amendment of the law relating to Merchant Seamen), the Lieutenant-Governor proposes to make the following additions in the Rules, issued under the Notification of this Government, No. 30 Marine, dated the 20th March 1906, for the conduct of examinations of Masters and Mates of Foreign-going ships and Home Trade ships, and as to the qualifications to be required. The additional rules will be taken into consideration on the 1st of December 1908, and any criticisms or suggestions received before that date will be considered.

W. A. INGLIS,

Secy. to the Govt. of Bengal

Special Regulations relating to the examination of Masters and Mates to apply only where the Candidate has served an Apprenticeship in an approved sea-going Training Ship with a view to promotion in the service of the Company to which the Training Ship is attached.

1. The training ship must be a sea-going cargo carrying square-rigged sailing vessel and the course of study and practical training which the cadets receive must be approved by the Board of Trade. Recognition of service on the training ship as qualifying for examination for a certificate as Second Mate. At the end of four years' service in the training ship the cadet will be qualified for examination for a certificate as Second Mate, provided

- (1) he can produce a testimonial to the effect that both his conduct and his ability have given satisfaction during the whole period, and
- (2) that he has served at sea for not less than four-fifths of the time; that is to say

Cf. paragraph 121 of Marine Department, Notification No. 30 Marine, dated 20th March 1906.

has not spent more than one-fifth of the time in home ports.

If the cadet has served previously for two years in either the "Conway" or the "Worcester" training ship this time will be allowed to count as one year's qualifying service and he will be required to serve for three years only in the Company's training ship before he can be allowed up for examination for a certificate as Second Mate (Ordinary).

Cf. paragraph 120 of Marine Department, Notification No. 30 Marine, dated 20th March 1906.

2. A candidate who has served for four (or three) years on the training ship may be allowed up for examination for a certificate as First Mate (Ordinary) when he has served whilst holding a certificate as Second Mate for two years as junior bridge-keeping officer of the watch upon vessels of the Company satisfying certain requirements (see paragraph 4).

3. A candidate who has obtained a certificate as First Mate in the above way may be allowed up for examination for a certificate as Master (Ordinary) when he has served for eighteen months whilst holding the certificate as First Mate as a senior watch-keeping officer upon vessels of the Company satisfying the same requirements (see paragraph 4).

If the candidate has served for eighteen months as senior of the junior officers, i.e., the officer next below the junior of the officers in full charge of the watch whilst holding the certificate as First Mate he may be allowed up for examination for a certificate as Master (Ordinary) on the understanding that the certificate as Master would not be issued to him until he had completed twelve months' service as senior watch-keeping officer, the service in both cases to be performed on vessels satisfying the same requirements (see paragraph 4).

4. The special regulations (paragraphs 2 and 3) in regard to the acceptance of service as qualifying for the examinations for certificates as First Mate and Master shall apply only when the service is performed in the specified capacities upon ocean-going steamers of not less than 8,000 tons gross, making an average speed of 16 knots or upwards and carrying a crew of not less than 130 men including at least six deck officers beside the Master.

5. These regulations are to be considered as part of the Regulations relating to the examination of Masters and Mates in the Mercantile Marine for Colonial and Home Trade Certificate of Competency issued by the Government of Bengal in 1906, and all the provisions of the latter will apply to the examination of candidates who have qualified under the special regulations, except where they specifically provide otherwise.

The 23rd October 1908.

No. 123 Marine.—In exercise of the power conferred by section 10 of Act I of 1859 (an Act for the amendment of the law relating to Merchant Seamen), the Lieutenant-Governor proposes to make the following addition to Appendix D of the Rules issued under the notification of this Government, No. 30 Marine, dated 20th March 1906, for the conduct of examinations for Masters and Mates of Foreign-going ships and Home-trade ships, and

as to the qualifications to be required. The proposed addition will be taken into consideration on the 1st December 1908, and any criticism or suggestion received before that date will be considered.

W. A. INGLIS,
Secy. to the Govt. of Bengal.

Signalling.

THE standard of efficiency in Signalling required from candidates for the Extra Masters' Certificate and for the Voluntary examination in Signalling after 1st July 1908, will be as follows:—

Candidates must be capable of sending and reading signal made by—(1) Semaphore at a rate of 10 words per minute. (2) Morse, flashing and flag-waving at a rate of 6 words per minute (the average length of a word to be calculated at 5 letters).

The Semaphore test will be a prose message of about 30 words.

The Morse flashing and flag-waving test will be a test message (see the British Signal Manual) followed by a prose message of about 30 words.

The candidate must attain a degree of accuracy of at least 90 per cent. in reading both Semaphore and Morse signals.

Each candidate will be orally examined as to his knowledge of the International Signal Book and the British Signal Manual. With regard to the latter, special attention will be paid to the prescribed procedure of signalling both by day and night between H. M. ships and the Mercantile Marine.

The examination should in all cases and for all grades commence with the usual examination in the International Code, a good working knowledge of which should always be expected.

This should be followed by an examination in the British Signal Manual, the candidate being expected to know the meaning of any or all of the single flag signals given therein, and the signification of the Pilot Jack when incorporated in a hoist. He should also be required to make or read from the Pilot Jack table a hoist given by the Examiner. Candidates need not be expected to commit the Pilot Jack table to memory, but there should be no hesitation whatever in making or reading a signal. He should also know how to recognise any of the three flag hoists given at the end of the Signal Manual and not confuse them with those of the International Code.

For the ordinary examination candidates should be required to read Morse letters made slowly and with a reasonable interval—say 3 to 5 seconds—between each letter by both flashing lamp and flag-waving, and also be able to read letters made either by hand flags or mechanical Semaphore, with the same interval allowed between the letters. He should also be able to make any given letters by any of these methods.

For the Extra Master and Voluntary examination in Signalling, candidates must be able to make and take in Morse and Semaphore signals at the rate prescribed.

Morse flashing and flag-waving.—The candidate should be first required to make a test message (in accordance with test card) and then a prose message of about 25 words, a maximum of 50 marks being allotted to each message; the candidate to gain at least 90 per cent of marks for the whole (for making of test message see table at back of test cards).

The prose (spelling) message is left to the discretion of the Examiner, and may be any passage from a book or newspaper in English. When the passage contains figures and the candidate does not choose to spell them out, the Examiner should see that the proper signs are made before and after the figures.

Each incorrect word or group of figures is to be penalised by the loss of two marks.

The Examiner should then make a test message followed by a prose message, allotting marks as above. The candidate may, however, read over and correct his message. The candidate should gain at least 90 per cent. of marks.

Semaphore signalling.—The same procedure will be observed in the Semaphore examination, the candidate being first required to make a prose message of about 30 words and then to read one made by the Examiner. The candidate should gain at least 90 per cent. of marks in each. The message as read by the candidate should be taken down by another candidate, clerk, or other person according as the Examiner may deem expedient.

Candidates should be thoroughly tested in the various signs and the procedure of calling up, sending and answering a signal as laid down in the British Signal Manual, and this course should always be strictly adhered to.

Particular attention should be paid by Examiners to the accurate spacing of the Morse signs and to the intervals between letters and words both in flashing and flag-waving and also to the correct making of the Semaphore signs. Any attempted increase of speed at the expense of accuracy in making signals should be discouraged.

The block letter test and prose message as read by the candidate should be forwarded attached to the candidate's papers in the usual way with the percentage of marks allotted according to the table on the back of the test cards, together with any remarks the Examiner may think fit to add with regard to the examination.

No. 130 Marine.—In exercise of the powers conferred by section 6, sub-section (1), clause (p), of the Indian Ports Act, 1889 (X of 1889), as amended by the Indian Ports Act, 1901 (111 of 1901), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following rules in respect of "sleeping sickness" occurring on vessels arriving in the Port of Calcutta or for the time being in that Port:—

1. In these rules

- (1) "Health Officer" means any person appointed by the Lieutenant-Governor either by name or by virtue of his office, to be Health Officer of a port, and includes any person appointed by the Lieutenant-Governor, either by name or virtue of his office, to perform any of the duties of a Health Officer of a port;
- (2) "master," when used with reference to a vessel, means any person (except a pilot or harbour master) having for the time being charge or control of the vessel;
- (3) "Port Officer" includes any person acting under the authority of the Lieutenant-Governor in charge of port discipline;
- (4) "Sleeping sickness" includes the stage of the disease known as trypanosomiasis.

2. The master of every vessel arriving at the Pilot Station at the Sandheads from a port beyond India shall

- (a) if the vessel has on board any person suffering or suspected to be suffering from sleeping sickness, or
- (b) If any case or suspected case of sleeping sickness has occurred, or if any person has died or is suspected to have died from sleeping sickness on board within the twelve days immediately preceding the arrival of the vessel,

report every such case or death to the pilot at the earliest opportunity, and shall also comply, on arrival at the quarantine mooring at Garden Reach with such regulations as may be made by the Lieutenant-Governor in regard to—

- (i) stopping at a particular place,
- (ii) refraining from communication with the shore, and
- (iii) taking measures for giving effect to the present rules.

3. If the vessel be at anchor within port limits when such disease first breaks out or such death occurs, the master shall promptly give information to the Port Officer.

4. The pilot on receiving the report mentioned in rule 2 shall promptly report, from the Sandheads, if possible, or on arrival at Saugor Island, to the Port Officer and to the Health Officer the circumstances of the case brought to his notice.

5. Whenever the Health Officer receives the notice referred to in rule 4, he shall without unnecessary delay proceed on board and examine the vessel, and the master shall give him every facility for the examination of the passengers and crew. The inspection by the Health Officer will ordinarily take place between sunrise and sunset.

6. On the completion of the inspection prescribed by rule 5 such of the passengers and crew as are found to be free from sleeping sickness shall be allowed to land.

7. If a case of sleeping sickness occurs on any vessel after she has entered dock or has been moored at a wharf, the master shall forthwith cause information thereof to be given to the dock master or superintendent of the wharf, who shall communicate the information to the Health Officer (through the Port Officer) and to the Superintendent of Police, and shall be responsible that the sick person shall be isolated as much as possible, and that free communication with the wharf is stopped until the Health Officer has inspected the vessel.

8. The Health Officer shall remove to a hospital or other place appointed for the purpose by the Lieutenant-Governor every person found on board suffering from or suspected to be suffering from sleeping sickness, and every such person shall be detained for observation and treatment in the said hospital or place or any other hospital or place to which the removal of such persons may be authorised by the Lieutenant-Governor and shall be isolated in such a manner as will prevent as far as possible the communication of the disease to other persons by the agency of biting flies, and shall continue to be so detained and isolated until a medical officer authorised on this behalf by the Lieutenant-Governor certifies that he is not suffering from sleeping sickness or that having suffered from the disease he has been cured.

9. B.—Rules for the Training of Probationers.

The following rules are intended to apply to probationers of the Provincial Executive Service and of the Subordinate Civil Service :—

1. Probationers shall, during the year of their probationary service, be trained so as to get as much experience as possible in Magisterial and Revenue Courts with a view to acquire a knowledge of official routine. During this period they should study the Codes and the Acts to enable them to go up as soon as possible for their Departmental examination, when appointed substantively *pro tempore*. They will not be allowed to offer themselves for the examination prescribed for permanent officers until they have passed their period of probation.

2. The training should be arranged with reference to the work in the office to which the officer is attached. He will be trained in the Magisterial Department for three months and in the Revenue Department, including (1) Tauzi and Government Estates, (2) Land Registration, (3) English Office, (4) Munshikhanas Registers, (5) Certificates, (6) Record-room, (7) Cess and Revaluation, (8) Nizarat, (9) Excise and Income-tax, (10) Treasury, for nine months.

The amount of time spent in each Revenue Department will depend on the amount of work in that Department of the particular office to which the probationer is posted.

3. Probationers should not, during their year of training, take up Partition, Survey and Settlement, or Land Acquisition work. These Departments form the subject of special training.

4. The Collector should have a register prepared showing, with reference to the work in his office, the amount of time a probationer will spend in the different departments.

Training in Magisterial work.

5. Probationers should attend the Court of a first-class Magistrate selected by the District Magistrate during the trial of criminal cases. They should be required to prepare a full, complete and careful record of the depositions of the witnesses and a concise summary of the evidence given. They should also be required to take notes of the arguments of the pleaders and discuss the application of the law to the facts of the cases reported by them, and to write a decision. This should be done in at least six defended cases.

6. The records of the cases should be submitted by the probationer to the trying Magistrate, who should examine them with a view to see that they are being intelligently prepared. He should point out any obvious mistakes. The records should also be occasionally examined by the District Magistrate or the Joint-Magistrate.

7. Probationers should be deputed to examine the various registers kept in the Criminal Courts and to submit inspection reports according to the Inspection Manual. They should also inspect the record-room and other Departments of the Magistrate's office according to the Manual. The inspection note should be submitted through the Deputy Magistrate in charge to the Magistrate.

Probationers might also be deputed for miscellaneous inquiries in regard to criminal cases when the inspection of a locality or other matter is important, and they might be examined in Court as to their reports. They might also conduct inquiries in chaukidari or other simple matters.

Training in Revenue Work.

8. Probationers should not be required to work as clerks or to write up registers; they should, however, prepare notes or *précis* of cases and draft letters. They should see all the papers which go up to the Deputy Collector, and the Deputy Collector should utilize their services in any way that he can in connection with the cases. The Deputy Collector should at the same time see that the probationer makes himself acquainted with the law and rules on the subject, and should from time to time require him to prepare a note explaining the procedure or the reason for any action taken in a particular case. In departments the work of which involves the keeping of accounts or registers, probationers should check and initial entries made in registers, check the accounts, and examine the preparation of returns. They should also inspect each department according to the Inspection Manual, and the Collector might utilize their notes of inspection for his own inspections. They should also attend inspections by the Senior Officers.

9. At the end of the probationary period in any department, or under any Deputy Collector, the Deputy Collector should record a note in the register referred to in rule 4, stating how the probationer has attended to his duties and a general opinion of his industry and ability. This should be shown to the Collector.

10. Probationers should keep a diary and record briefly the work done by them day by day. The diary should be submitted to the Deputy Collector under whom they are working for the time, and should be seen by the Collector.

F. W. DUKE,

Offg. Chief Secy. to the Govt. of Bengal.

RULES FOR THE EXAMINATION IN VERNACULAR LANGUAGES OF OFFICERS FILLING SUPERIOR APPOINTMENTS IN THE INDIAN CIVIL VETERINARY DEPARTMENT.

I. Every officer of the Civil Veterinary Department is required to pass an examination in the vernacular of the Province in which he is serving within two years of the date on which he is posted to the Province. Failure to pass within the prescribed period will, in the absence of such special orders as the Local Government may issue to the contrary, entail loss of appointment or stoppage of increments of pay. But the Local Government may, for special reasons, extend the period for passing in any particular case; and the Inspector-General, Civil Veterinary Department, may also extend the period, up to a limit of three years, in respect of officers serving directly under his orders.

II. It is left to Local Governments to fix the compulsory vernacular. Subject to any orders that the Local Government in each Province may pass in this respect, the compulsory vernacular in which Civil Veterinary officers are required to pass is Hindustani, except in Madras and Burma. Officers serving in Burma will ordinarily be required to pass in Burmese. Officers serving in Madras are required to pass in either Tamil, Telegu or Hindustani, as the Local Government may decide.

Orders of the Local Government.

Hindi, in the *Kaithi* character, is fixed as the compulsory vernacular.

III. The examination will be conducted by such officer or officers as the Local Government may appoint for the purpose, and will include the following subjects:—

- (1) Transliteration and translation of a printed passage selected from a newspaper, suitable official report, or the like.
- (2) Translation into the vernacular of an English passage similarly selected.
- (3) Dictation into the vernacular of a simple passage in English.
- (4) Conversation in the vernacular.

Orders of the Local Government.

Officers presenting themselves for examination in the tests prescribed in this rule will be required to read and write the compulsory language in the vernacular script.

NOTES—(a) The passages selected should be of a general character or should specially deal with veterinary matters, and not with specialised revenue or magisterial reports.

(b) The conversation test should show that the candidate is able to converse freely and at first hand both with the educated classes and with the village cultivators, but should not include technical expressions concerned with subjects other than veterinary science.

(c) It is left to Local Governments to issue instructions as to the conduct of the examination and the proportion of marks required to qualify for passing, but at least half the total marks of the examinations should be allotted for the conversation test.

Orders of the Local Government.

(i) The examination will be conducted under the direction and control of the Central Examination Committee.

(ii) It will be held at Calcutta twice a year simultaneously with each half-yearly Departmental Examination of Assistant Magistrates and others in April or May and in October or November, on dates to be notified in the *Calcutta Gazette* in communication with the Central Examination Committee.

(iii) The Director of Agriculture shall in due time report to the Chief Secretary the names of intending candidates.

(iv) The Director of Agriculture will arrange to set the question-paper in consultation with the Central Examination Committee and the Principal, Bengal Veterinary College.

(v) The maximum and the pass marks assigned to each branch of the examination and the time allotted in each case are subjoined:—

		Maximum marks.	Pass marks.	Time allotted.
(1) Transliteration ...	} One paper ... {	20	10	} One and-a-half hours.
(2) Translation from vernacular ...		20	10	
(3) Translation from English ...		20	10	Two hours.
(4) Dictation ...		20	10	Half-an-hour.
(5) Conversation ...		80	40	Ten minutes.

IV. When an officer, who has not yet passed in his compulsory vernacular, is required by reason of transfer or for any other cause to pass in a different compulsory language, the limit of time laid down in Rule I shall run from the date of the order requiring him to pass in a new language.

V. (1) An officer will receive no reward for passing the first compulsory language.

(2) For passing in any compulsory language after the first he will receive a reward of Rs. 250.

(3) For passing in any other language, a knowledge of which is, in the opinion of the Local Government, likely to add to his efficiency in the performance of his duties, he will receive a reward of Rs. 250 for the Lower Standard and Rs. 500 for the Higher Standard, the examination being on the same lines as are prescribed for members of the Indian Civil Service, subject to the observance of the instructions to Note (a), Rule III, in the selection of passages for the examination.

Orders of the Local Government.

A knowledge of Bengali is likely to add to an officer's efficiency in the performance of his duties. An officer passing in this language will therefore receive a reward of Rs. 250 for the Lower Standard and Rs. 500 for the Higher Standard.

An officer may also, with the prior consent of the Director of Agriculture, be examined in Uriya and shall be entitled to the same rewards in case of success.

VI. In the case of officers serving directly under the Imperial Government, the Government of India will exercise the powers of a Local Government under these rules.

VII. These rules will apply to civilian officers now in the Civil Veterinary Department, subject to the conditions of their respective agreements and to such orders as they may have already received from their respective Local Governments.

DEHRI-RHOTAS TRAMWAY.

No. 24R.—Notification.—It is hereby notified that an application has been duly made to the Government of Bengal by Messrs Octavius Steel and Company, Calcutta, for and on behalf of a Company about to be formed and to be called the Dehri-Rhotas Tramway Company, Limited, for sanction to the construction of a line of Tramway between Dehri-on-Sone on the East Indian Railway, and the village of Akbarpore, within the district of Shahabad; and whereas it appears to the Local Government expedient and proper that the said application should be granted, the Local Government, in pursuance of section 5 of the Bengal Tramways Act, III of 1883, makes the following order.

W. A. ING. IS,

Secy. to the Govt. of Bengal.

PRELIMINARY.

1. This order may be cited as the Dehri-Rhotas Tramway Company order.
2. The several words and expressions to which meanings are assigned by the Bengal Tramways Act, III of 1883, have in this order the same respective meanings:

Provided that in this order the expression "the tramway" or "the undertaking" shall mean the tramway and works and undertaking by this order authorized, except where the context may require a different meaning, and the word "the Act," shall mean the said Bengal Tramways Act, III of 1883.

3. (1) The tramway authorized by this order shall be constructed, maintained, and worked, subject to the provisions of the Act, of the rules from time to time in force under the Act, and of this order.

(2) No powers or rights shall be deemed to have been conferred on the Promoters or to have been relinquished by Government except as in this order expressly provided.

4. Messrs. Octavius Steel and Company, Calcutta, shall be the Promoters for the purposes of this order, and are in this order referred to as "the Promoters," and this expression shall, except where the context may require a different construction, include the Company to be formed and to be called the Dehri-Rhotas Tramway Company, Limited, hereafter in this order referred to as "the Company."

CONSTRUCTION OF TRAMWAY.

5. The Promoters shall construct and maintain, subject to the provisions specified in this Order, and to the agreement made between the Promoters and the Local Authorities, which are set forth in the First Schedule attached to this Order, and in accordance also, with plans and sections deposited by the Promoters with the Local Government, the tramway hereinafter described with all proper establishments, rails, bearings, stations, offices, works, rolling-stock, and conveniences connected with the tramway or required for the purpose thereof.

6. (1) Subject to any extension of time that the Local Government may see fit to grant, the Promoters shall substantially commence the construction of the said tramway within one year from the date of this order and shall complete and equip the same in every respect for opening and working for traffic to the satisfaction of the Local Government within three years from the date of this Order.

(2) In the event of the said Promoters failing to commence the construction, and to complete and equip the tramway as provided in the first paragraph of this clause, then in any such case the Local Government shall be at liberty to revoke this Order, and the Local Government shall thereafter be at liberty to enter into any arrangements with any other person or persons for the construction of a tramway from Dehri to Akbarpore, and in the event of this Order being revoked by reason of the said Promoters failing to complete and equip, and open for traffic, the said tramway within the period of three years from the date of this Order, the Local Government shall have the option of taking over all the permanent-way and rolling-stock of the tramway at a reasonable valuation to be determined by the Local Government, and in the event of the Local Government exercising this option, all the other works and the buildings of the tramway may be dealt with under the provisions of the Act relating to the discontinuance of tramways, as a tramway whereof the discontinuance has been proved to the satisfaction of the Local Government.

If, however, the Local Government do not desire to exercise the option of taking over the permanent-way and rolling-stock of the tramway as herein provided, then and in such case the tramway including the permanent-way, the rolling-stock, and all the buildings and works of every kind connected therewith may be dealt with under the provisions of the Act relating to the discontinuance of tramways as the tramway whereof the discontinuance has been proved to the satisfaction of the Local Government.

7. The tramway authorized by this order is a single line with necessary passing places, within the district of Shahabad, starting from Dehri-on-Sone, a station on the East Indian Railway, 345 miles from Calcutta and running partly on Government land in charge of the Public Works Department, and partly along the district road to Akbarpore, being a distance of about 25 miles, and entirely within the district of Shahabad.

From Dehri-on-Sone Railway station, the line is to be taken along the district road for a short distance till it reaches the bank of the Main Western Canal thence the line is to run parallel with the canal, the rails being laid on Government land in charge of the Public Works Department, until the bridge known as the Rhotas Bridge over the canal is reached; crossing the canal at this point, the line is to come on to the district road again, and is to be laid along this road up to Akbarpore, passing through or near the villages of Tilothu, Seeria, Tomba, Nawadih, Banjari and

Samotha; this portion of the line will be laid on the district road land, with the exception of a short length which runs through Tloothu village, where land will have to be acquired.

8. The Promoters may use for the construction of the tramway, but not for the purposes of any building or erection connected therewith, one side of the road over which the tramway is to run 8 feet in width.

In cases where there are no buildings on that side of the road on which the tramway is laid, the said width of 8 feet shall be measured from the gutter on that side of the road, or where the road is in embankment, from the edge of the embankment; and in cases where there are buildings on that side of the road, the said width shall be measured from such point on that side as in the opinion of the Government Inspector of Local Works appointed for the district of Shahabad under provision of section 123 of the Bengal Local Self Government Act (Act III [B.O.] of 1885), is safe and proper; but for the purpose of crossing bridges the tramway may approach the centre of the road as far as shall, in each case, be deemed unavoidable by the said Government Inspector of Local Works.

Provided always that—

- (1) there shall nowhere be a less width of road clear of the inner rail of the tramway than 14 feet;
- (2) if any addition to the existing width of the metalled surface of the road is rendered necessary in order to comply with the terms of this Order, or if any addition to or alteration of any bridge is, in the opinion of the Government Inspector of Local Works, rendered necessary by the tramway, the same shall be carried out by, and at the cost of, the Promoters to the satisfaction of the said Government Inspector of Local Works;
- (3) at no point on the metalled road shall there be more than one line of rails; any loop-lines, turn-outs, or sidings that may be required must therefore be placed elsewhere than on the metalled portion of the road;
- (4) the metalling of the roadway shall not be interfered with more than is absolutely necessary for the proper construction of the tramway; and in all cases where such metalling has been so interfered with, it shall be repaired and made good with all reasonable promptitude by, and at the cost of the Promoters to the satisfaction of the Government Inspector of Local Works.

9. In all cases where, in the opinion of the Government Inspector of Local Works, the existing road bridges are not sufficiently strong to carry the tramway, the Promoters shall make at their own cost such additions to or alterations of any such bridges as may be required by the said Inspector of Local Works and the work shall be carried out and completed to his satisfaction:

Provided that the Promoters may, at their option, construct at their own cost, for the purposes

of the tramway, separate bridges of such design and in such manner as shall first be approved by an Engineer or other officer duly appointed in this behalf by the Local Government, and shall complete the same to the satisfaction of the said officer.

10. (1) Such additional land (over and above that which the Local Authorities have agreed to grant free to the promoters, in terms of clause 1, First Schedule, hereunto annexed) as may be required by the Promoters and deemed by the Local Government to be necessary for the purposes of the tramway shall be acquired by the Local Government on behalf of the Promoters under the Land Acquisition Act, I of 1894, and the cost of acquiring such land shall be met by the Promoters.

(2) The Promoters may, from time to time, with the approval of the Local Government, but not otherwise, sell or otherwise dispose of any land acquired by the Local Government, on their behalf which may no longer be required for the purposes of the undertaking.

11. The tramway shall be constructed on a gauge of 2 feet 6 inches. In villages and at all level-crossings of district or village roads, and wherever the width of metalled road left clear of the inner rail of the tramway is less than 14 feet and the tramway is not fenced, either grooved or double rails shall be used, and at all such places the metal of the road shall be maintained flush with the level of the top of the rails. At all places where double rails are used, such rails shall be kept properly secured to each other by distance pieces placed at regular intervals to the satisfaction of the Government Inspector of Local Works.

12. Without prejudice to the powers conferred on the Local Authority by section 14 of the Act, as regards the type of cars and carriages to be used on the tramway and the brakes and other appliances with which they are to be furnished, the standard weights and dimensions of rails, sleepers, rolling-stock, and other equipment of the tramway are to be as set forth and described in the Second Schedule attached to this Order. The Local Government, however, reserves to itself the right to revise the said standard weights and dimensions, and the special sanction of the Local Government must be obtained before the materials, &c., required for the tramway are ordered.

13. The Local Government shall have the power of determining, from time to time, the situation and dimension of all stations, station-yards, offices, warehouses, houses for employes, conveniences and works to be constructed in connection with or as part of the tramway.

14. The Promoters shall within three calendar months of being called upon by the Local Government to do so, be bound to provide at their own expense fencing on both sides of the tramway, either along the whole or any part of its length, and shall carry out and complete the work in such manner and in such time as the Local Government may direct.

15. (1) The Promoters bind themselves to provide, at their own cost and to the satisfaction of the Local Government, suitable level-crossings wherever the tramway crosses district and village roads, and at such other places as the Local Government or any officer appointed by the Local Government in this behalf may, from time to time, direct.

(2) The promoters shall, at their own cost, provide gates with gate-keepers' lodges, and shall maintain, at their own cost, gate-keepers at such level-crossings or bridges crossed by the tramway as the Local Government may, from time to time, direct.

16. Subject to the previous sanction of the Local Government, in each case, the Promoters may hereafter from time to time make, at their own cost, such crossings, passing-places, junctions, and other works as may be required, in addition to those specified in their application for this Order or authorised by this Order, and all such works shall, when sanctioned by the Local Government, be completed to the satisfaction of the Local Government.

17. The Promoters shall, at their own cost, construct and maintain all such stations, passing-places, sidings, junctions, and all other works, in addition to those specified in or authorised by this Order, and shall also employ and maintain all such establishments, in addition to those specified in or authorised by this Order, as the Local Government may, from time to time, consider to be expedient for the safe and efficient working of the tramway, or for the convenience and safety of the public and of the traffic of the roadway. All such additional works shall be completed to the satisfaction of the Local Government.

18. The promoters shall, when required by the Local Government, construct and maintain, at their own cost, accommodation at Railway Stations for Post Offices and quarters for postal staff, for Post Offices and quarters for the postal staff, at a rental not exceeding 7½ per cent. per annum on the actual cost of the buildings excluding the cost of land occupied by it.

MOTIVE POWER, SPEED AND SIGNALS

19. The vehicles used on the tramway may be moved by steam-power. The outside cylinder type of locomotive may be used, but the Local Government reserves to itself the right to order noiseless and smokeless locomotives to be used on any portion of the tramway.

20. The speed of trains on the tramway should not exceed 12 miles by day and 10 miles by night or such other speed as may from time to time be authorised by the Local Government provided that no night running shall be permitted unless the Engine is fitted with a head light of 1,500 candle power.

21. All the permanent and crossing stations of the tramway shall be provided with home signals, which shall be at least 20 feet in height, and shall

be located on the platforms. The Local Government, however, reserves to itself the right to order distant signals to be provided at the permanent and crossing stations, as well as both home and distant signals at such other stations, in addition to those referred to herein, and at such other places as may be considered necessary by the Local Government.

In thick, foggy, or tempestuous weather detonator signals shall be used in addition to the ordinary day and night signals, and all signals in use on the tramway shall be constructed, worked and used in accordance with such orders as may be prescribed, from time to time, by the Local Government.

MAINTENANCE AND WORKING OF TRAMWAY.

22. The Promoters shall at all times maintain and keep in good condition and repair to the satisfaction of the Local Government, or of any officer duly appointed in this behalf by the Local Government, all way, works, rolling-stock, and appliances appertaining to the tramway; and shall maintain the tramway, way works, rolling-stock, and appliances, and shall work the same in such manner as will, to the satisfaction of the Government Inspector of Local Works, avoid all risks of danger or annoyance to the ordinary road traffic.

23. (1) The Promoters shall maintain and keep in repair, to the satisfaction of the Government Inspector of Local Works so as not to interfere in any way with the efficient drainage of the road, the portion of the road on the side on which the tramway is laid; such portion shall include the width of the side of the road on which the tramway is laid from a point 4 feet from the centre line of the tramway on the side nearest to the centre of the road and on the other side to the bottom of the slope of the embankment when the road is in embankment, or to the top of slope of the cutting when it is in cutting, or where there are buildings to the point to be determined by the Government Inspector of Local Works, under the provisions of clause 8 of this Order.

The said portion of the road shall be ballasted by, and at the cost of, the Promoters, who shall also, at their own cost, alter the position or level of the tramway and of the said portion of the road to suit future alterations in the road or such future alterations in the tramway as may be approved by the Local Government, and shall forthwith repair, make good, and reinstate, to the satisfaction of the Government Inspector of Local Works aforesaid, any other portion of the road which shall at any time be in any way damaged by reason of any fault of the Promoters or of any accident to or upon the tramway. The gutter or drain on the side of the road on which the tramway is laid, as the same at present exists or shall hereafter be constructed at the cost of the Local Government or of the Local Authority, shall likewise be maintained in efficient order by and at the cost of the Promoters.

(2) The portions of the road from 4 feet from the centre line of the tramway to the opposite side of the road from the tramway will be maintained and kept in repair by, and at the expense of, the Local Authority.

24. The undertaking and all works, stock, appliances and accounts appertaining thereto shall at all times be open to the inspection and examination of any person or persons whom the Local Government may appoint for that purpose, and the Promoters shall afford all reasonable facilities for the inspection or examination to the officer making it.

25. When after inspection of the tramway or portion of the tramway or any rolling-stock used thereon, the officer making the inspection under clause 23 of this Order reports to the Local Government that, in his opinion, the use of the tramway or any portion thereof, or of any specified rolling-stock, will be attended with danger to the public using it, the Local Government may direct that the tramway or portion thereof be closed for the public conveyance of passengers, or that the rolling-stock so specified shall no longer be used, as the case may be.

26. When the tramway or any portion of the tramway has been closed under clause 24 of this Order, it shall not be reopened for the public conveyance of passengers, unless and until it has been inspected by the officer referred to in clause 23 of this Order and its opening sanctioned by the Local Government.

27. When the Local Government has, under clause 24 of this Order, prohibited the use of any rolling-stock, the said rolling-stock shall not be used unless and until the Local Government sanctions its use.

28. (1) In the event of any necessity arising for carrying out, in or on land occupied by the tramway, any works of any kind whatsoever, for which interference with the tramway may be considered necessary by the Local Government, the said Government may, by notice in writing and without prejudice to the powers conferred on the Local Authorities by section 38 of the Act, call upon the Promoters to show cause why such portion of the tramway should not be closed for traffic as may enable the said works to be carried out in safety.

After considering the necessity for closing such portion of the tramway, as well as any objections or suggestions that may be made by the Promoters, the Local Government may direct that the Promoters shall close the said portion of the tramway for such a period of time and under such conditions as in the circumstances of the case may appear necessary.

(2) The Promoters shall be bound to comply with such directions and allow the work referred to therein to be carried out: Provided that, unless otherwise directed, any portion of the tramway which it may be necessary to remove in order to carry out such work shall be removed and reinstated by, or at the expense of, the Local Government, or the person or persons at whose instance the work is carried out: And provided also that the Promoters shall, if they are, at the time the Local Government either interferes with or stops the working of the tramway under the

first paragraph of this clause, paying any rent to the Local Authority for the use of road, receive an abatement of such rent proportionate to the length of road over which and to the time during which the working of the tramway is stopped.

29. In the event of the Promoters desiring that any bridge, drain, culvert, water-course, telegraph line or other thing whatsoever on or adjacent to the land to be used for the tramway should be removed or the position thereof altered, the Promoters shall give notice in writing to the Local Authority, who shall thereupon deal with the matter themselves, if within their powers and, if not, shall refer the matter to the Local Government or other authority competent to deal with it, who shall pass such orders thereon as in the circumstances of the case may appear fit.

30. No. 4369 L.R.—The 14th November 1908.—Babu Suresh Chandra Deb, Sub-Deputy Collector, is allowed privilege leave, under article 260 of the Civil Service Regulations, for two days in continuation of the privilege leave for six weeks granted to him by Government Notification No. 649 T.R., dated the 21st May 1908.

No. 4371 L.R.—The 16th November 1908.—In exercise of the power conferred by clause (xx) of section 264 of the Chota Nagpur Tenancy Act, 1908, the Lieutenant-Governor is pleased to make the following rules as to the manner in which a warrant, issued under that Act against the person of a judgment-debtor, shall be executed:—

1. A judgment-debtor against whose person a warrant is issued under section 191 of the Act may be arrested at any hour and on any day:

Provided that, for the purpose of making an arrest—

(a) no dwelling-house shall be entered after sunset or before sunrise; and

(b) no outer door of a dwelling-house shall be broken open unless such dwelling-house is in the occupancy of the judgment debtor and he refuses or in any way prevents access thereto, but, when the officer authorised to make the arrest has duly gained access to any dwelling-house, he may unfasten and break open the door of any room in which he has reason to believe the judgment-debtor is to be found;

(c) if any such room be in the actual occupancy of a woman, who is not the judgment-debtor, and who, according to the customs of the country, does not appear in public, the officer shall give notice to her that she is at liberty to withdraw; and after allowing a reasonable time for her to withdraw and giving her every reasonable facility for withdrawing, he may enter such room for the purpose of making the arrest.

2. If the decree in execution of which a judgment-debtor is arrested is a decree for money due for rent or damages or on any other account, and the judgment-debtor pays to the officer arresting him the amount due under the decree and the costs of the arrest, such officer shall at once release him.

3. If the judgment-debtor be a Railway servant whose arrest might cause inconvenience or danger to the public, the officer entrusted with the execution of the warrant shall not arrest him without giving such previous notice to the proper officer of the Railway as will enable him to take measures for the proper performance of the duties of the judgment-debtor; but the officer entrusted with the execution of the warrant shall make all arrangements necessary to prevent the escape of the judgment-debtor.

4. If it be ascertained that the judgment-debtor to be arrested belongs to the Army and is exempted by Article 181 of the Indian Articles of War (Act V of 1869) from arrest for debt, the officer entrusted with the execution of the warrant shall not execute the warrant, but shall return it, with a report setting forth the facts, to the Court from which it was issued.

5. The officer entrusted with the execution of a warrant of arrest shall endorse thereupon the day on which and the manner in which it was executed, and, if the latest day specified in the warrant for the return thereof has been exceeded, the reason of the delay, or if the warrant was not executed, the reason why it was not executed; and shall return the warrant, with such endorsement, to the Court.

NOTIFICATION.

No. 4453.—*The 14th November 1908.*—In exercise of the powers conferred by section 256, Chota Nagpur Tenancy Act, the Lieutenant-Governor is pleased to make the following rules under the said Act:—

GOVERNMENT RULES UNDER THE CHOTA NAGPUR TENANCY ACT, 1908.

CHAPTER I—GENERAL.

1. In carrying out the following rules Revenue officers shall have regard to the instructions of the Board of Revenue for the guidance of Revenue officers so far as such instructions are consistent with the rules herein prescribed.

2. Except where otherwise provided for by law or by these rules all proceedings and orders of Revenue officers passed in the discharge of any duty imposed upon them by or under this Act shall be subject to the supervision and control of the Commissioner and the Board of Revenue, and the orders of each Revenue officer under this Act shall be subject to the supervision and control of the Revenue officers to whom he may be declared by the Board of Revenue to be, for the purpose of the Act, subordinate.

The Deputy Commissioner and the Commissioner in whose jurisdiction operations under these rules are in progress shall be entitled to inform themselves of the nature and progress of such operations.

3. Where no other mode of service is prescribed by the Chota Nagpur Tenancy Act or by these rules, service of a notice or summons, where it is addressed to one person, shall be effected in the following manner:—(a) by delivering the same to the person to whom it is directed; (b) on failure of such delivery, by posting the same on some conspicuous part of the house in which the said person usually resides; or by delivering it to a general agent of the person to whom it is directed, or to any person who has been appointed in that behalf; or (c) by sending a registered letter containing the notice or summons directed to the said person at his usual place of abode; or (d) if no such place of abode can be found and if the notice or summons cannot be served in any of the modes hereinbefore mentioned, by posting the same at the landlord's office (locally known as *bhandhar*) in the village, or at some conspicuous place on the land, to which the notice or summons relates. If it is addressed to a number of persons occupying or owning land in the same village, the notice will either be served in the manner prescribed above, or by proclamation and beat of drum, and by posting it, in the presence of not less than two persons, in some conspicuous place in the village and also by fixing it up in the village office, if any, where the rent is usually paid.

CHAPTER II.

The rules prescribed in this chapter are to be followed by Revenue officers in preparing a record-of-rights and settling rents under Chapter XII of the Act. They also include the rules to be followed in the commutation of prædial conditions under Chapter XIII, the record of landlords' privileged lands under Chapter XIV and the record of special rights under Chapter XV where such operations are conducted simultaneously with the preparation of a record-of-rights under Chapter XII.

- (iv) power to cut and thresh the crops on any land and weigh the produce with a view to estimating the capabilities of the soil.

5. In the case of an uninhabited village, any general notice to be served or publication to be made under the rules in this chapter may be served or made in any inhabited village contiguous to that village, or if there be no inhabited village contiguous to that village, in the inhabited village nearest to that village or in the village in which the tenants and occupants of the lands of the uninhabited village are believed by the Revenue officer to reside.

6. The procedure of settlement will include—

- I. Demarcation of boundaries.

- IV. Attestation of the record (including the commutation of produce rent and of prædial conditions).

- XI. The trial of suits under sections 87 and 111 (8), 130 and 252.
- XII. Revision of any orders or decisions as provided in section 89.
- XIII. Correction of *bona fide* omissions or mistakes in the record-of-rights as provided in section 90.
- XIV. Deposit of settlement records with Deputy Commissioner.

I. Demarcation of boundaries.

7. (a) In determining the area which is to constitute the unit for the preparation of village maps and records the general or special orders passed as provided in section 3 XXVIII (b) of the Act by the Deputy Commissioner shall be carried out.

7. (b) Where there is a dispute as to a village boundary, the Revenue Officer shall decide the dispute in accordance with the provisions of the Bengal Survey Act, V (B.C.) of 1875.

8. Boundary pillars of a permanent nature shall be erected at every point where the boundaries of three or more villages meet, and may be erected wherever the Revenue Officer considers it necessary to define by pillars the boundaries of estates or tenures or of lands which have been the subject of dispute.

II. Field Measurement.

9. A field map of every village shall be prepared; it shall show the boundaries of every field separately held, or of such plot of land as the instructions of the Board of Revenue for giving effect to these rules may lay down.

III. Khanapuri, i.e., preliminary preparation of the record.

10. The following are the principal documents to be prepared in the course of a survey and the preparation of a record-of-rights under Chapter XII of the Chota Nagpur Tenancy Act, 1908.

Village map.	Khwat.
Khasra.	Khatian.
Parchas.	Terij.

These and any other papers prescribed by Board of Revenue shall be prepared in such manner as the Board may prescribe.

11. The record-of-rights which shall be published under section 83 of the Chota Nagpur Tenancy Act, 1908, shall be contained in the khewat and khatian, and such other papers as may be specified by general or special order of the Board of Revenue in the case of any local area.

12. (a) The khewat shall show the character and extent of the interests of proprietors and tenure-holders, such of their interests as are of a raiyati nature being also recorded in the khatian.

(b) The khatian shall show in detail for all the lands in the village, estate by estate, landlord by landlord, tenant by tenant, and occupant by occupant, the lands included in each estate owned by each landlord and occupied by each tenant or occupant, with particulars of rent and area and of the incidents of each tenancy. The commuted value of prædial conditions to which the tenant has been found liable, and, if any tenant is liable to any prædial conditions other than those to which the general body of tenants are liable, or is not liable to all the prædial conditions to which the general body are liable, the prædial conditions to which such tenant is liable shall be separately recorded in the khatian.

(c) Lands cultivated or otherwise held direct by a proprietor or tenure-holder shall be shown in detail in the khatian and shall be entered either as landlord's privileged land within the meaning of section 118 (a) of the Chota Nagpur Tenancy Act, or as land held by the proprietor or tenure holder, but not privileged land within the meaning of that section.

(d) The khatian shall also show the respective rights of all persons privileged to take forest produce from jungle or waste land or to graze cattle on any land within the village.

IV. Attestation of the Record.

13. (a) When the map, khasra, khewat and khatian for a village or such portion of them as are prepared at khanapuri have been prepared in the manner prescribed by these rules and by instructions of the Board of Revenue consistent with them, the Revenue officer shall issue a notification, in such form as may be approved by the Board, fixing a day which shall be not less than a week from the date of publication of the notification, on which he will be present at some place to be specified at or near the village for the purpose of attesting and completing the record-of-rights in respect of all particulars specified in the above rules 11 and 12.

(b) The notification shall state that on the day so fixed or on any other day to which the proceedings may be adjourned, the Revenue Officer will record rents and will decide all questions of status and claims to special rights or privileges in any lands and record existing rights of tenants or residents in regard to the jungle and waste lands of the village, and commute and include in the cash rent of the holding the value of prædial conditions in accordance with the rules and will receive and dispose of applications for the commutation of produce rent, and deal with objections relating to entries in the record or omissions therefrom; and it shall require all parties interested in the subject-matter of the enquiry to attend at the time and place specified, with their parchas, and with such evidence as they have to offer in connection with the proceedings.

(c) Such notification shall be published by proclamation and fixed up in the presence of not less than two persons in some conspicuous place in the village to which it refers.

14. The Revenue Officer may also, if he so deems fit, take such additional measures under the powers conferred on him by rule 4, as he may deem desirable to procure the attendance at the place specified in the notification issued under the last preceding rule, of the occupants, under-raiyats, raiyats, tenure-holders, landlords and proprietors or their authorised agents.

15. On the date specified in the notification issued under rule 13, or on any other date to which the proceedings may be adjourned, the entries which have been made in the khewat and in each khatian shall be read out in the presence of such of the interested parties as are in attendance. If the correctness of any entry is questioned, the Revenue Officer shall dispose of the objection after local enquiry or otherwise: provided that, if the correctness of a measurement be objected to, and a fresh measurement be demanded or if a local enquiry is necessary to decide any objection, the Revenue Officer may require the cost of such remeasurement or local enquiry to be deposited. If it appears from the result of the measurement or local enquiry for which costs have been deposited that the objection was not frivolous or groundless, it shall be open to the Revenue Officer to refund the cost or any portion of the cost which he may think fit to refund.

16. The Revenue Officer shall enquire into any claim put forward for Mundari khunkatti tenancies and shall also ascertain which of the raiyats are raiyats having khunkatti rights or settled raiyats or occupancy raiyats and shall record them as such.

The Revenue Officer shall ascertain what raiyats are non-occupancy raiyats, and to this end he shall be entitled to call upon the landlord or his agent to produce a statement showing the names of raiyats alleged by him to be non-occupancy raiyats. On the production of such statement he shall explain to those raiyats the provisions of sections 15, 16 and 17 of the Chota Nagpur Tenancy Act. If after such explanation a raiyat admits that he is a non-occupancy raiyat and if the attestation officer is satisfied of the correctness of the admission he shall record the raiyat as a non-occupancy raiyat. If he does not admit himself to be a non-occupancy raiyat, the Revenue Officer shall call on the landlord to prove the allegations made by him in regard to such raiyat.

17. The Revenue Officer shall ascertain and record what lands are korkar, and what lands are Bhuinhari under Act II of 1869 and what lands are khunkatti.

18. The Revenue Officer shall summarily ascertain the rent at present payable by the tenant, and record it in the appropriate column of the khatian as the rent payable in respect of land held by the tenant. In recording rents the Revenue Officer shall have regard to the provisions of the Chota Nagpur Tenancy Act regarding enhancement of rent and shall record only such rent as is legally payable.

In order to carry out the instructions of this rule the Revenue Officer shall, before proceeding to attest the records of the village, hold a preliminary enquiry at which he shall record briefly the deposition of the landlord or his agent and at least one tenant and shall make such further enquiry as may be necessary and shall record a finding upon the rates of rent for each class of land prevailing in the village.

19. In the course of the preliminary enquiry into the rates of rent prevailing in the village, the Revenue Officer will also ascertain the prædial conditions to which each class of tenants in the village is subject, and shall record a finding showing what prædial conditions, if any, are renderable by the general body of tenants, their cash value and shall prepare a statement in Form 6 of the Schedule. The cash value of prædial conditions as commuted by the Revenue Officer under section 111 of the Chota Nagpur Tenancy Act shall be recorded separately from the rent in the khatian and included in the total rent payable by raiyats. In the case of tenure holders the commuted value of prædial conditions will be entered in the khewat.

In ascertaining and commuting prædial conditions the Revenue Officer shall be guided by the provisions of section 111 of the Chota Nagpur Tenancy Act, special regard being given to the proviso under section 105 (3). Any prædial conditions which are by custom or contract already payable in cash will still be treated as subject to the proviso of section 105 (3) of Chota Nagpur Tenancy Act.

20. Cesses which are authorised by law shall be recorded separately from the rent in the khatian, or in the case of tenure-holders in the khewat.

No demand of any other kind will be recorded in the khatian.

21. The Revenue Officer will at the time of attestation also record in a form prescribed by the Board the rights, as specified in section 81 (n) of the Chota Nagpur Tenancy Act

which are enjoyed by any class of persons according to established custom in each plot of jungle in the village and the conditions under which such customary rights are enjoyed.

22. Where a notification under section 127, Chota Nagpur Tenancy Act has been issued, he shall also prepare a record of the rights and obligations of the village headmen.

23. When the record of rights and of existing rents has been prepared and attested in the manner prescribed in rules 13 to 22, and when the record shall have been arranged and corrected in accordance with the orders which the Revenue Officer may have passed, he shall record a proceeding in which he shall state that attestation of the records and commutation of prædial conditions, if any, has been completed, and shall then cause the draft record of rights to be published in the village in the manner provided in rule 24.

24. If applications for the commutation of produce rents are filed before the Revenue Officer at the time of attestation, they may be disposed of either before draft publication or after draft publication, according to convenience. If they are disposed of before draft publication, the settled rents will be incorporated in the settlement record before it is draft published.

V. Publication of the draft record.

25. (a) As soon as the record-of-rights has been prepared and attested, a notice shall be posted up at the landlord's office in the village or, in the presence of not less than two persons, in some conspicuous place in the village, stating that the draft of the record will be published in the village on a day to be specified, not less than a week from the date of the posting of such notice, and calling on all persons interested to attend on the date so specified, provided that the draft of the record shall not be published until the proceeding under rule 22 has been recorded.

(b) On the date fixed for the publication of the draft records, the Revenue Officer shall either proceed to the village himself and read the contents of the records in the presence of the parties who attend, or he shall depute an officer, not below the rank of kanungo, who shall read out the contents of the records in the presence of as many of the parties as attend, and the Revenue Officer or officer deputed by him, as the case may be, shall at the same time inform the parties who attend that the draft records will be open for inspection for not less than one month in the office of the Revenue Officer, or in such other convenient place as the Revenue Officer may determine. The Revenue Officer shall receive and consider any objection which may be made to any entry during the period named. Objections shall as far as practicable be made in Form 3 of the Schedule.

VI.—Disposal of objections under sections 83 and 111 (6).

26. When an objection is made before the expiry of the period of publication of the draft record prescribed under rule 25 regarding the correctness of any entry or as to the propriety of any omission, notice of the objection shall be served on all persons whose interest may, in the opinion of the Revenue Officer, be affected thereby, and they shall be called upon to attend at such time and place as the Revenue Officer may fix for the disposal of the objection. If no person attends to contest the objection, and the Revenue Officer is satisfied that the notice of objection has been duly served on all persons interested, the objection may be allowed and the records amended accordingly, or the person who made the objection may, if the Revenue Officer thinks fit, be called upon to produce evidence in support of his objection.

All such objections shall be dealt with summarily under such instructions as the Board of Revenue may prescribe.

VII.—Settlement of rents before final publication.

27. When the Revenue Officer settles fair rents in isolated or individual cases before final publication under section 85 (3) (a) and (b), he shall follow *mutatis mutandis* the procedure laid down in rules 32 to 37 below for the settlement of fair rents after final publication, and shall incorporate the settled rents in the record to be finally published under rule 29.

28. When rents are settled before final publication for whole villages or for larger areas, the Revenue Officer should adopt the following procedure:—

- (a) He should first serve a notice on the village in which settlement of rents is about to be made. The notice shall be in Form VII of the Schedule and shall set forth that on a date named and at a place named the Revenue Officer will settle fair rents in respect of all estates, tenures or holdings and for unsettled lands included in such village. Such notice shall be served at least one week previous to the date fixed for settlement of fair rents. When such notice has been served it shall be held that all persons have been sufficiently warned of the date fixed.

Provided that when in the course of proceedings a Revenue Officer proposes to alter an existing rent and the parties have not attended in compliance with the general notice, the Revenue Officer shall serve each person interested with a special notice and the fair rent

shall not be settled in the absence of such person until after due service of such special notice has been proved.

- (b) On the date fixed in the notice under rule 28(a) or any subsequent date to which the proceeding shall be adjourned, the Revenue Officer shall proceed to settle rents in the manner prescribed in rules 35 (a) and 37.
- (c) The settlement of rent for any number of tenants occupying land under the same landlord, whose interest is recorded in the same khewat entry in the same village, may, upon the application of the parties or at the discretion of a Revenue Officer, be disposed of in one proceeding, provided that if at any time it appears to the Revenue Officer that the question between any two of the parties, of whom one is so joined with others, cannot conveniently be so jointly tried, he may order a separate trial to be held of that question, or he may pass such order for the joint or separate disposal of the application as he may think fit.
- (d) When a fair rent has been settled under these rules it shall be entered in the khatian as the rent payable in respect of the holding for the rule prescribed by section 97.
- (e) It shall not be necessary for a Revenue Officer to draw up a separate decree with regard to the fair rent settled, but the entry made in his decision or schedule attached thereto with regard to the fair rent settled shall be held to be a decree.

VIII.—Final publication of the Records-of-rights.

29. When all objections under sections 83 and 111 (6) of the Chota Nagpur Tenancy Act have been disposed of as provided for in rule 26 above, and when the draft records have been corrected in accordance with the orders passed, and when the rents, if any, settled under section 85 (3) (a) (b) or under section 61 of the Act have been duly incorporated in the record, the Revenue Officer shall finally frame the records and cause them to be published by notifying that their contents will be read out in the village on a date to be specified not less than a week from the date of the publication of such notice, and by reading them out himself or causing them to be read in the village on the date so specified, in the manner prescribed in rule 25, in the presence of the parties or of as many of them as attend. The officer engaged in final publication shall serve a copy of the entries in any record prepared under section 129 upon all persons interested in these entries, in the manner prescribed in rule 3.

30. When the record-of-rights of all villages in any local area has been finally published, the Revenue Officer shall submit a report to the Local Government containing such particulars as may be necessary in order to enable the Local Government to issue a notification under section 84(2) of the Chota Nagpur Tenancy Act.

IX.—Distribution of copies of the Record-of-rights to parties interested.

31. (a) A copy of the record-of-rights as finally published or an extract therefrom shall be made over to the landlord concerned, or where there are more landlords than one, to their common manager, as the case may be, or, if there be no common agent or common manager, to such person among the landlords as the Revenue Officer may think fit. The copy or extract shall bear a certificate under the Revenue Officer's signature and seal that it is a copy of or extract from the record-of-rights as finally published.

(b) An extract from the khatian relating to his tenancy shall be given to every tenant under the seal of the Revenue Officer and under the signature of an officer duly authorized by the Revenue Officer to give copies.

(c) Copies of records, or of extracts from them, supplied to landlords and tenants under this rule shall be given free or on payment according as in the case of each local area the Local Government may direct. When payment is required, the sum so recovered shall be adjusted against the expenses incurred on account of survey and settlement.

X.—The settlement of fair rents after final publication.

32. When the landlord or tenant applies for a settlement of a fair rent, he shall be considered as plaintiff and the opposite party as defendant. The proceedings shall be dealt with as suits and subject to the directions contained in rule 3b (a) of this Chapter, the Revenue Officer shall adopt, as far as practicable, the procedure laid down in Chapter XVI, Chota Nagpur Tenancy Act, for the trial of revenue suits.

33. Notice in Form VIII shall be served on every person interested in the application, together with a copy of the application, or extract therefrom, or summary thereof, so far as the application concerns such person.

34. With the consent of the Revenue Officer, any number of tenants of the same status holding land under the same landlord, whose interest is recorded in the same khewat entry in the same village, may make a joint application for the settlement of rents, or may be joined as defendants in the same proceeding on a similar application by the landlord: Provided that, if at any time it appears to the Revenue Officer that the question between any two of the parties, of whom one is so joined with others, cannot conveniently be so jointly

tried, he may order a separate trial to be held of that question, or he may pass such order in accordance with the Code of Civil Procedure, for the joint or separate disposal of the application as he may think fit.

35. (a) On the date fixed for the settlement of fair rents, or any subsequent date to which the proceedings may be adjourned, the Revenue Officer shall read aloud, or cause to be read aloud in his presence, the name of each tenant whose rent has to be settled, the area of his tenancy, and the existing rent, and shall then proceed to settle a fair rent under the provisions of section 85.

When the record has been read over as provided for above, the Revenue Officer shall record all claims to enhancement or reduction of the existing rent and shall try and decide any issues which may be raised under section 86, Chota Nagpur Tenancy Act.

(b) Where a landlord or tenant does not attend, after due service of notice has been proved, the procedure may be separate.

(c) Where a landlord or tenant appears, the Revenue Officer shall record evidence in the manner prescribed in section 164 of the Act and shall settle a fair and equitable rent. In important cases the evidence should be recorded at length.

(d) When a fair rent has been settled under these rules, it should be entered in the khatian as the rent payable in respect of the holding from the date prescribed by section 97.

36. It shall not be necessary for a Revenue Officer to draw up a separate decree with regard to the fair rent settled, but the entry made in his decision or schedule attached thereto with regard to the fair rent settled shall be held to be a decree. The Revenue Officer should carefully scrutinize the individual entries in schedules, where rents are settled for a number of tenants in joint proceedings, to ensure that injustice be not caused to individuals by the application of general rules.

37. When in the settlement of fair rents issues are raised under section 86 of the Act, they should be heard and decided before fair rents are settled. Proceedings under section 86 shall be dealt with in all respects as suits between the parties. Such suits shall ordinarily be tried separately for each tenancy unless the Revenue Officer, for reasons to be recorded by him, considers that the suits affecting two or more tenancies may be conveniently tried together without prejudice to the parties concerned.

XI.—The trial of suits under sections 87, 111 (8), 130, and 252 of the Act.

38. Proceedings under sections 87, 111(8), 130 and 252 of the Act shall be dealt with in all respects as suits between the parties. The finally published records shall be corrected in accordance with the orders that may be passed in all such proceedings.

Deposit of settlement records with the Deputy Commissioner.

39. The finally published record as completed under rules 35 and 38 shall be made over to the Deputy Commissioner of the district and shall bear a certificate that it is the finally published record under the Revenue Officer's signature and seal.

CHAPTER III.

General scale of fees.

40. Section . . . For service of notices . . . For the service of every notice under this Act, not being a notice issued by any Revenue or Civil Court (fees for serving which are regulated by the Court-fees Act), and not being provided for by any other rule made under this Act, a process-fee of 8 annas shall be levied if the notice be directed to one or more persons residing in the same village.

Where such notices are directed to several persons resident in different villages, a fee of 8 annas shall be levied for service in each village.

In addition to the above fee, the actual charge which must be incurred, if it is necessary to travel by railway or boat, or cross ferries, will be levied from and paid by the person at whose instance the process is issued before issue of the process. If a peon carries more than one process involving charges for railway fare, boat-hire, &c., the sum leviable will be charged, in equal shares, upon all the processes so carried.

If a peon is detained at the place of service for more than 24 hours at the request of the person at whose instance the process was issued, or of his agent, such person or agent must then and there pay demurrage at the rate of 3 annas a day. Unless the demurrage is paid, the peon must decline to wait. No demurrage is to be charged if the delay was not due to the person requiring the process or to his agent.

The exhibitor who does not send in the balance within the prescribed term, cannot claim the reimbursement of the 1st payment which will go to the benefit of the exhibition, without intimation or resorting to legal proceedings.

Should the inscription fee not have been paid in full by the exhibitor within the time prescribed, he will lose his right to exhibit, and the Executive can dispose of his place after January 15th, 1911.

18. All expenses for transportation, delivery and expedition, packing, removal, storage of the chests and implements, as well as for the provision of duly prepared counters, show-cases, platforms, etc., and for the care of the objects in the Exhibition, in conformity with the regulations set forth by the Executive, will be at the total charge of the Exhibitors.

which will be the total number of the packages, and the numerator the progressive number : for instance, if there be three packages, each must bear the sign, 1/3, 2/3, 3/3, respectively ;

- (c) Should many packages be sent in a single box, a special notice to that effect must be written on the address label ;

The exhibitors must moreover make known their address in Turin or that of their Agents, so that they can be sent for assistance at the operation of unpacking, delivery and placing, according to the directions of the Executive Committee. Failing such directions or in case of delay on the part of the exhibitor, the Executive will provide for the said operations at the exhibitor's expense, without assuming any responsibility.

21. In each package or case the exhibitors must enclose a list of the objects contained therein.

24. Each exhibitor or his representative must assist at the unpacking and placing of the exhibits, following the instructions that the Gallery-Inspector may give in the name of the Executive or special Committees. Should any exhibitor fail to provide for the unpacking and placing of his products, the Committee will do it at the total charge of the exhibitor himself, without assuming any responsibility. This to be done without prejudicing in any way the dispositions of article 25.

Exhibit unpacking and placing.

25. Should any exhibitor not have placed his products before March 31st, 1911, he will lose all right to exhibit and his certificate of admission will become void ; both the inscription fee and space tax will go in favour of the Exhibition funds without any formality or legal proceedings. Moreover the Committee may order the uncompleted stand to be taken away at the exhibitor's expense.

26. The cases as soon as they are emptied must be removed by the Exhibitor or his Agent, failing which the Executive will have them stored at the expense and risk of the exhibitor, and without assuming any responsibility for the same.

Sign-boards.

The Executive Committee will take care to obtain a special Bill for the protection of the artistic and industrial property of the exhibits.

29. All machines will be placed in departments containing the class of products they are adapted for, and, when possible, set in motion before the public, so that visitors may easily view their manner of working and production.

30. Explosives and all materials of a dangerous nature will be rigorously excluded from the Exhibition Galleries and Precincts.

Obnoxious Materials.

All substances that are likely to excite chemical change in other products, such as alcoholic spirits, oils and caustic matter, and those which may be troublesome and tedious either to exhibitors or visitors will not be admitted unless they are hermetically sealed in solid vessels and bear the particular guarantee which will be required in each case by the Executive.

31. The Executive Committee reserves to itself the right of rejecting or having removed, at any moment, such products which on account of their imperfection are not judged worthy to be exhibited; also those which on account of their size or constitution, or for other reasons may be obnoxious or in opposition to general organization and decency; and those which are found to be of a different origin to that declared by the exhibitor.

32. No work of art, and no product exhibited within the precincts of the Exhibition may be sketched, copied or reproduced in any way without a special authorization of the exhibitor, duly provided with the permit of the Executive Committee.

The Executive, whilst they will take all the measures necessary for the custody and preservation of the exhibits, do not assume any responsibility and it is understood that the exhibitors renounce in every case to make any claim whatever for casual damage which the exhibits may suffer, or for their loss or waste, or for any other reason.

34. Objects admitted to the Exhibition may not be removed until after its close, except in special cases for which it will be necessary to obtain a written authorization from the Committee. The sale of objects exhibited within the precincts of the Exhibition will be permitted, on the condition however that they are not removed before the close of the Exhibition. No invitation to purchase is allowed: it will be only permitted to hand visitors addresses and prospectuses when so requested.

35. Exhibitors or their representatives will have free admission to the Exhibition provided they have the special personal ticket supplied them by the Committee in conformity with particular rules which will be later on prescribed. The representative of more than, one exhibitor will be entitled to one ticket only.

36. The exhibitor in his Form of Application will elect a legal domicile in Turin and (failing this) it will be understood as being the same as that of the Executive Committee.

The exhibitor who has the intention of appointing a representative must make a written declaration to that effect, specifying in a full and clear manner the powers to be conferred on the same.

The representative of an exhibitor must elect a domicile in Turin to which all communications from the Executive Committee will be addressed.

The exhibitors or their representatives, by virtue of their duly signed applications assume the obligation to conform to the rules contained in the present general Regulations and in the special bye-laws, for instance to present one's self at every request of the Executive Committee either for communications or explanations, and to conform to all dispositions which will be further established.

They must also be ready to grant any trials, information or request that may be demanded by the Juries.

37. Within a fortnight after the close of the Exhibition, the exhibitors or their representatives, provided with a special written license of exportation which will be delivered to them by the Committee, after they have settled all their debts towards the Exhibition, must pack their goods and carry them away in conformity with the disposition of article 18 and with the orders which will be further issued by the Committee. After the said term the Committee will have the operations carried out at the exhibitor's expense, without rendering itself liable for any damages or losses, nor for inconveniences arising with regard to customs-duty or charges for re-expedition.

After the lapse of another fortnight, should the objects not have been removed, they may be sent to the exhibitor, to be paid for on delivery, or stored at the expense and risk of the exhibitor and without any responsibility resting with the Executive Committee.

Within three months from the date of the close of the Exhibition, the remaining objects will be considered as having been abandoned in favour of the Exhibition.

The exhibitors in particular kiosks or pavilions must clear away every thing and leave the ground in its original state, removing all materials left after the demolition within the term of three months after the closing of the Exhibition. Moreover the exhibitors will not be allowed to carry their articles away without first having given a sufficient guarantee that this duty shall be duly performed.

Length.—Measure the length from the inside stem to inside stern post.

Breadth.—Measure the breadth from side to side inside ceiling plank, under the deck beams amidships.

Depth.—Measure the depth from underside of deck beam amidships to upperside or floor ceiling plank.

Then multiply the length, breadth and depth together, and the product—

in the case of boats and flats of class I—

- by .009 for flush-decked, square-built and open cargo boats and flats;
- by .008 for bazar boats when the brake forward and aft does not exceed 9 inches;
- by .007 for bazar boats when the brake forward and aft exceeds 9 inches;

and in the case of boats and flats of class II—

- by .0064 for open country boats, such as pansways, bhurs, dinghees, and bhowleahs;
- by .0083 for open country boats known as hollahs;
- by .008 for bhurs whose length does not exceed three times the breadth;
- by .0063 for open country boats known as chotes.

The result will be the tonnage of the boat or flat.

The foregoing formula shall be used in measuring boats and flats of class I, up to a burden of 50 tons, but the measurement of boats or flats of that class exceeding 50 tons shall be made under the Merchant Shipping Act, provided that the Boat Surveyor of the Commissioners may measure boats or flats of class I of any size under the Merchant Shipping Act, when the owners show that the measurements made according to the above formula are inaccurate or oppressive.

Having ascertained the tonnage of a boat or flat by the foregoing formula, the Boat Surveyor of the Commissioners shall, by a conspicuous mark on the side of the boat or flat, indicate for every boat or flat exceeding 10 tons the freeboard or greatest depth to which she may be immersed when loaded.

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for

which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the after-noon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Board of Revenue:—

No. 1, Certificate of the opium advertised for sale;

No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1907-08, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

Secretary.

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for

which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following not being Sunday or a public holiday, at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the after-noon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Board of Revenue:—

No. 1, Certificate of the opium advertised for sale;

No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1907-08, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1907-08, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

S. G. BHATTACHARJEE,

Secretary.

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for

which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the after-noon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Board of Revenue:—

No. 1, Certificate of the opium advertised for sale;

No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1907-08, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

GENERAL DEPARTMENT.

NOTIFICATION.

No. 8714.—The 26th December 1908.—The following is published for general information.

T. W. RICHARDSON,

Secy. to the Govt. of Bengal.

No. 11462-11502—244, dated Calcutta, the 18th December 1908.

RESOLUTION—By the Govt. of India, Dept. of Commerce and Industry.

IN the Resolution of the Government of India, No. 9870-9908—92, dated the 28th October 1908, certain proposals for the revision of the classification of inland telegrams and the rates at which they are transmitted, were published for criticism, and it was stated that any expressions of opinion which might be furnished by the Local Governments or by the public generally would be considered after the end of November. The replies which have been received are generally favourable to the proposed changes, and the Government of India, after considering such suggestions as have been made for modifications in the scheme, have decided that the rates as originally published should be adhered to.

2. With effect from the 1st January 1909, the classification of inland telegrams and the charges for their transmission will be as follows:—

State and Private Telegrams.

Class.		Unit No. of words.	Unit rate.	Each additional word.	Address.
			Rs. A. P.	Rs. A. P.	
Express	...	12	1 0 0	0 2 0	Charged for.
Ordinary	...	12	0 6 0	0 0 6	Charged for.

3. The rates for Press telegrams will remain unchanged, but the two classes will in future be styled "Express" and "Ordinary" instead of "Ordinary" and "Deferred." Press telegrams of the higher class will be transmitted in their turn with State and Private "Express" messages and will receive no special treatment. "Ordinary" Press telegrams will, however, for the present continue to enjoy the priority which they receive under the existing classification, according to which, though classed as "Deferred," they are treated as "Ordinary." They will in future be transmitted out of their turn, after all "Express" telegrams, but before all "Ordinary" State or Private telegrams. This concession must, however, be regarded as a temporary measure only. It will be withdrawn as soon as the Government of India are satisfied that the recent traffic reforms have produced their full effect and that the speed of transmission of all telegrams is such as to render the special treatment of Press telegrams unnecessary.

ORDER—Ordered that a copy of this Resolution be forwarded to all Local Governments and Administrations, to all Chambers of Commerce and Trades Associations, to all Departments of the Government of India, to the Director-General of Telegraphs and to the Director-General of the Post Office.

Ordered, also, that a copy be published in the *Gazette of India*.

The following are the conditions of sale:—

1. The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2. The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for

which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3. The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M., but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4. Each lot shall contain five chests.

5. A Promissory Note for a sum, calculated according to the scale, noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M., in the after-noon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional to the extent of Rs. 400.

6. The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7. The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M., if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8. No tender of money, Bank of Bengal receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale, will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9. The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and, in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10. Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less, than the number of lots or chests ordinarily required to be included in each certificate or order.

11. No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12. The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand render at the time a deposit either in Government of India Notes, Bank of Bengal receipts, or Government securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13. With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually by Rs. 5 at a time until a bid is obtained; and the first *bonâ fide* bidder for a lot, after it has been offered for sale in the mode here described, shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14. The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15. In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16. The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the office of the Board of Revenue:—

No. 1, Certificate of the opium advertised for sale;

No. 2, Report of the examination of such opium.

17. The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazipur Factory for the year 1907-08, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug, when packed at the Patna and Ghazipur Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the office of the Board of Revenue.

18. Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L. P.,

S. G. BHATTACHARJEE,

Secretary.
